

RUSS SITUATION REMAINS GRAVE

Kerensky Bending All His Energy Toward Sup- pression of Turmoil

MOVING ON PETROGRAD

BULLETIN.

PETROGRAD, Sept. 11.—Tuesday, 10 A. M.—General Korniloff's march toward Petrograd continues. According to a statement circulated at the Winter Palace early this morning and which is repeated in today's newspapers but which has not been officially confirmed or denied, the first collision between the troops and the government forces already has taken place, the followers of Korniloff having begun the hostilities by bombarding government positions with heavy guns.

The internal situation in Russia still remains grave. Apparently the chasm of discord has so widened that either M. Kerensky, head of the provisional government of General Korniloff, the deposed commander-in-chief of the armies, who is opposing Kerensky, and who demands almost dictatorial powers, will be engulfed. At the present moment neither side seems willing to make concessions. Kerensky is bending all his energy toward the suppression of the turmoil created by Korniloff and his followers, while Korniloff is reported approaching Petrograd with troops in order to lay siege to the capital. To prevent such action Kerensky's adherents are tearing up the railway lines and otherwise preparing to resist.

Report Several Generals Arrested

While advices received in London are that the Baltic Fleet is faithful to the Kerensky regime other advices say that Commander Denikin of the southwestern Russian army notified the premier that he would support Korniloff. Official reports, however, are that Denikin and several other generals have been arrested.

Korniloff has declared that his revolt against Kerensky is animated by the highest patriotism and a desire to save Russia from a government dominated by the German general staff.

Result Depends on Speed

Washington, Sept. 11.—Whether Russia faces anarchy and a reign of terror as the fruit of General Korniloff's revolt against Premier Kerensky's provisional government, depends largely, in the opinion of officials and diplomats here, on the speed with which the situation develops.

If the deposed commander-in-chief, now reported marching on Petrograd with troops personally loyal to him, makes a spectacular show of strength within the next few days, it is believed strong political influences now secretly wavering in allegiance to the government, may swing over, give him a preponderance of authority and pave the way for a powerful dictatorship.

If Premier Kerensky on the other hand is able to hold fast to the support of enough of the various political groups on whose attitude the allegiance of the army largely depends, he may crush the revolt quickly, adopt some of the strict disciplinary rules advocated by the Korniloff element and weld the democratic forces into a stronger instrument to fight Germany.

Fear Middle Situation

The complete ascendancy of either Kerensky or Korniloff would satisfy persons here most interested in Russia's well-being. It is the middle situation, the conflict which would make Russians kill Russians, which they fear and which, judging by today's unofficial dispatches, seems entirely possible. Civil War then might lead to either separate peace with Germany, or restoration of the monarchy with its inevitable train of evil consequences.

Officials believe the provisional government probably can count on the support of the navy, a large part of the army, particularly in the interior, railway employees and industrial workers. Korniloff probably expects the backing of a strong element of military leaders, duma members, the intellectual classes, the Cossacks and other considerable professional fighting elements of the army. In addition it is probable he would be openly supported by the commercial interests and the social Democrat political group as soon as he shows strength.

A situation which may render difficult Korniloff's attempt to march on Petrograd and seize Russia's rule by force is that the armies have become so democratized they can easily conduct negotiations. Without recourse to their commanders and they may refuse to fire on their brothers in arms.

MRS. LEHMANN RECOVERS

Waukegan, Ill., Sept. 11.—Mrs. E. E. Lehmann, the most seriously injured of the occupants of the automobile struck by an interurban train here yesterday, will recover, it was stated at the hospital today.

SEC. WILSON RECOVERING

Washington, Sept. 11.—Secretary Wilson is recovering from a severe attack of ptomaine poisoning which has kept him from his desk for a week.

EXPECT PASSAGE OF INSURANCE BILL TODAY

WASHINGTON, Sept. 11.—Final vote on the soldiers' and sailors' insurance bill was delayed in the house again today by repeated unsuccessful attempts of its opponents to change the measure. When overwhelming support of the bill became apparent, the passage of amendments, administration leaders announced plans made yesterday to resort to a special rule to end debate. They predicted its passage by tomorrow night without material change. Only one amendment of importance was adopted. It was offered by Representative Cannon and struck out a provision for additions of \$1,000 a year to the salaries of officials enforcing the provisions of the bill.

COUNCIL EXPRESSES CONFIDENCE IN MOLLMAN

East St. Louis Council Votes to Send Letter to Mayor

Denounces Certain Individuals Who Have Sought to Blacken the Character of the Mayor by Vicious Accusations Regarding His Conduct During Riot.

East St. Louis, Ill., Sept. 11.—The East St. Louis council tonight expressed its confidence in Mayor Fred W. Mollman, who is under indictment charged with malfeasance in office in connection with race riots. The council voted to send a letter to the mayor expressing its confidence in him as chief executive and denouncing certain individuals and interests who have sought to blacken the character of the mayor by vicious accusations regarding his actions and conduct during the riot. "The persons making these accusations," says the letter, "are chiefly the old gangsters and fixers who in the past were in control of this city and who were responsible for its bankrupt condition as well as the unsavory reputation given it thru the country."

The letter states that another element of the mayor's enemies are composed of men who thought that because of the mayor's German name and ancestry he should have divided his allegiances.

"There is no Bill Thompson occupying the mayor's chair in East St. Louis," the letter says. "The letter says that the charges that Mollman failed to call upon the governor and the sheriff for aid in suppressing the rioters are 'notoriously false.'"

Alderman G. Knevez was the only one of the fifteen who did not sign the letter.

D. J. Sullivan, city counselor, in a speech before the council denounced Attorney General Brundage and assistant Attorney General Middlekauff. He declared that the indictment of Mayor Mollman was an attempt to bolster up the Republican party.

Mayor Mollman said after the meeting that he would have resigned had the council requested him to do so. He went as he thanked the aldermen for their action.

Three more arrests of men indicted on charges of rioting were made tonight. The men arrested were William Regan, Conner Smith and Joseph Smith.

NEW SOLDIERS TO DO GUARD DUTY

ROCKFORD, Ill., Sept. 11.—The new soldiers at Camp Grant will take on their first big responsibility at the end of this week when all but the second battalion of the first Illinois Infantry will leave for Texas. The selected men will be called on to replace them in guard duty and to protect five million dollars worth of property in addition to their training.

Arrangements were made today for the opening of a base hospital. Fifty specialists took up work under the direction of Major H. C. Michie. A half million dollars will be spent in equipping the hospital.

WHITMAN ORDERS CONVICTS TO CELLS

JOLIET, Ill., Sept. 11.—John L. Whitman, superintendent of state criminal institutions in a visit to the penitentiary here today issued an order that the forty-eight convicts who engaged in a riot in the prison on Sunday and Monday should be locked in their cells until they are willing to "abide by the rules of the institution."

"These men have shown themselves unworthy of any privileges whatever," Mr. Whitman said, "and they will be treated accordingly. Warden Murphy tried to be fair with them, but they failed to appreciate this fairness. Not until they have displayed their eagerness to do right will they be released."

"The honor system is a good system and I am for it despite the fact that there have been a few escapes. It does not mean the system is a failure."

WOMAN KILLS HUSBAND

Chicago, Sept. 11.—Dr. George Eisenbrand, a dentist, was shot and killed by his wife in his office here today.

"I'm sorry I killed him; I loved him so," she sobbed when tenants of nearby offices rushed in. "He threatened to break up our home. He didn't come home last night and I couldn't stand it any longer." She was arrested.

FIVE HUNDRED MINERS STRIKE

Pana, Ill., Sept. 11.—Five hundred miners, employed in mine No. 8 of the Peabody Coal Company at Lovey, near here, struck today because the company would not agree to limit loaders to three cars a day, instead of all they can load.

LOWDEN INTERVENES TO HELP SETTLE STRIKE

Brings Pressure to Bear to Bring About Agreement

Farrington Telegraphs from Washington Urging Fishwick to "Get the Miners Back to Work as Soon as Possible"—Federal Officials "Complaining Bitterly."

Springfield, Ill., Sept. 11.—With 5,000 coal miners and several hundred machinists and metal workers in and near Springfield idle and with other trade unionists threatening to quit work as the indirect result of the strike of street car operators, Governor Frank O. Lowden today brought pressure to bear to bring about a settlement between the car company and strikers.

At the same time a telegram was received from President Frank Farrington of the Illinois Mine Workers, who is in Washington, urging Vice-President Harry Fishwick to "get the miners back to work as soon as possible."

Federal Officials Complaining.

Mr. Farrington stated federal authorities were "complaining bitterly" and that the likelihood of an increase in wages for Illinois miners was smaller because of the strike now in progress in Springfield.

Conferences were held by Governor Lowden today with both car strikers and present employees who remained on the cars. When the strike was called, and the governor is understood to have told the men an agreement must be reached.

A. D. Mackie, general manager of the car company in the course of the day, removed one stumbling block when he agreed to take back all men employed July 1 regardless of their activity in prolonging the strike.

Points at Issue.

Points at issue are said to be technical recognition of the carmen's union and the question of preferred runs as they stood before the walk-out.

Local unions of many trades among them the Butchers, Plumbers, Bakers, Ice Wagon Drivers and Electricians, were planning meetings for tonight or tomorrow when they would decide whether to join the general strike which was prompted chiefly by fact that unionists were denied the privilege Sunday afternoon of parading in support of the car strike.

In a telegram today H. C. Adams, president of the Central Illinois Coal Operators' association, asked Francis S. Peabody, chairman of the coal committee of the council of national defense, to place the Springfield situation before the proper federal authorities in order that relief might be secured. The output of coal in Sangamon county, Mr. Adams' telegram said, is being curtailed 25,000 tons daily as a result of the idleness of miners.

No action toward forcing the miners back to work had been taken late today by miners' officials.

FROST VISITS THE GREAT LAKES REGION

CHICAGO, Sept. 11.—Frost visited the Great Lakes region last night and extended southward from the line of Sunday night's visitation into southern Illinois and Iowa. The frost varied in degree in the states visited. Only reporting little damage to crops, southern Michigan estimating a damage of 30 per cent to the corn, bean and potato crops, Minnesota and Wisconsin agencies saying additional damage to crops was added to that by the frost Sunday night and the great corn belt of Illinois and Iowa reporting some damage to the cereal and greater injury to small crops such as tomatoes, beans, cucumbers and other vegetables that have not been garnered. In each section of the several states the frost was reported to range from light to heavy.

"Spotted," B. W. Snow, crop expert, said in describing the degree of frost in the sections visited. "In my opinion the general damage will not be as great as feared. However, some injury to the corn crop is certain."

SUSPEND PROPOSED FREIGHT RATE RAISE

WASHINGTON, Sept. 11.—Proposed general increases in freight rates on livestock and fresh dressed meats on virtually all lines east of the Mississippi which were to have become effective Sept. 18 were suspended today by the interstate commerce commission until January 13 next. The proposed rates covered virtually all territory east of the Mississippi and north of the Ohio river. They were the outgrowth of the 15 per cent rate case in which the railroads sought to obtain a flat increase of 15 per cent on virtually all products handled.

Failing to receive the 15 per cent increase the roads filed new tariffs proposing increases in the rates of livestock and meats. The amount of the increase is not stated in the commission's order but is understood to have been substantiated on a number of the chief lines.

TWO AMERICANS KILLED

Ontario, Ont., Sept. 11.—The names of W. Dinsmore, Cambridge, Ia., and P. R. McVey, Charleston, Ill., appeared in the casualty list today as having been killed in action.

AMERICAN COLORS FLY OVER VERDUN

Paris, Sept. 11.—The American colors now fly over Verdun. The flag, the gift of a prominent American Red Cross worker to the city, was hoisted over the ruins of the city hall after a ceremony attended by the sub-perfect, Jean Grillon.

DISCUSS CAUSES OF NEGRO SOLDIER RIOT

Citizens Board of Inquiry Files Report with Houston City Council

MAKE RECOMMENDATION

HOUSTON, Tex., Sept. 11.—Causes of the recent negro soldier riot which cost the lives of fifteen citizens of Houston are discussed in a report filed with the city council late today by the citizens' board of inquiry. Chief among the recommendations made is that regarding Superintendent of Police C. L. Brock.

No Qualified for Position.

"For Mr. Brock as an individual we have the highest regard," says the report, "and it is no reflection on his personal character to say that in our opinion, he is not qualified for the position he holds."

The committee is of the opinion that the riot undoubtedly was precipitated by two arrests of negroes made by Officer Sparks altho sufficient evidence was presented at the hearing to reveal the fact that a serious disturbance was intended by some of the negro soldiers before leaving Houston and the arrests referred to simply brought it to a head sooner and perhaps intensified the crimes which followed.

Continuing, the committee says that the undisputed and convincing testimony of witnesses prove that the negro soldiers went forth to slay the white population indiscriminately, that no one negro was hurt or molested by them, not one negro home was fired into and that the negroes were warned before and during the riot to stay off the streets.

Planned to Shoot Up City.

The report continues: "The testimony of the captain in charge of the fire station at Camp Logan and one of his assistants is that when the shooting began in the negro camp, one of the negro guards stationed at the fire station remarked that the troops were going to shoot up Houston, that they had planned to do so on the preceding night, but could not get quite ready. This testimony and the evidence of numerous other circumstances in the record convince us (and our opinion is shared by Inspector General John L. Chamberlain, of the United States army, who so expressed himself to live with her father. It is believed that Wells intended to kill his wife and going to his father-in-law's house, shot Martin who interfered. An all night search by deputy sheriffs for Wells who is believed to have boarded a train for some nearby town was unsuccessful."

ENDEAVOR TO MOBILIZE WOMEN IN CAMPAIGN

COPENHAGEN, Sept. 11.—The Berlin Lokal Anzeiger, which is acting as the chief promoter for the demonstration of indignation against President Wilson's reply to Pope Benedict's peace proposal, is now endeavoring to mobilize the women of Germany in its campaign.

The newspaper publishes an appeal from a woman contributor to the women of Germany to take part in a protest movement, saying that the voice of women will attract for more attention in the United States than protest by males, which constitute an old story. "Million of German women must cast their curses and disgust in the face of this indirect cause of the death of thousands of German men," says the writer.

FIX PRICES OF CANADIAN WHEAT

OTTAWA, Sept. 11.—The Canadian board of grain supervisors has fixed the prices of the Canadian wheat crop of 1917 at Port William and Port Arthur as follows:

Manitoba Northern No. 1 . . . \$2.21
Northern No. 2 . . . 2.18
Northern No. 3 . . . 2.15
Alberta Red winter No. 1 . . . 2.21
Red winter No. 2 . . . 2.18
Red winter No. 3 . . . 2.15

It is understood the Canadian prices are the same as for the three grades of dark spring northern and dark hard winter at Minneapolis and Duluth.

DECIDE TO RAISE PRICE OF MILK

ST. LOUIS, Mo., Sept. 11.—The Southern Illinois Milk Producers' association which furnished eighty per cent of the St. Louis milk supply decided here today to raise the price of milk from \$2.20 to \$3.50 a hundred pounds on October 1, if the St. Louis distributors will pay the price. Local distributors say such an increase will mean that the price to consumers must be raised from 15 cents to 15 cents a quart. The producers say the high cost of feed makes the increase necessary.

EXPECT COLD DAYS TO MODERATE TODAY

WASHINGTON, Sept. 11.—The present cold snap, extending from the Mississippi river eastward to the Atlantic coast and as far south as Virginia is expected to moderate by Wednesday, when the weather bureau predicts, a general rise in temperature will be felt.

Frost is predicted for tonight in the lake region except in upper Michigan and from the upper Ohio valley eastward to the Atlantic.

TRAIN HITS AUTO; ONE DEAD

Paxton, Ill., Sept. 11.—J. L. Lane, a prominent business man of this city was almost instantly killed here today when his automobile was hit by a Lake Erie train. The automobile was carried a block and a half by the train.

ONE U-BOAT PROBABLY SUNK OFF FRENCH COAST

Submarines Attack Fleet of Merchantmen in Force

Typographical Error in Transcribing Statement for Press Made It Appear That Six U-Boats Were Probably Sunk—Daniels Issues Corrected Statement.

Washington, Sept. 11.—A typographical error in transcribing a statement for the press today from an official report to the navy department made it appear that six German submarines probably had been sunk off the French coast when they attacked a fleet of merchantmen, including at least one American vessel. The facts are, so far as known tonight that one submarine probably was destroyed and two of the steamers went down. A corrected statement was issued by Secretary Daniels as soon as the error was discovered. The report came from the armed American Tanker Westwego thru Paris, the vessel apparently having reached a French port after the fight. The names and nationality of the two ships lost were not given.

Fight Occurred Sept. 8.

The Westwego reported Sept. 8, the fight having occurred Sept. 5th. The brief statement received from Paris said that six submarines had made a massed attack on the merchant flotilla that two of the steamers were sunk and that one of the submarines probably was lost.

In preparing for the press in the bureau of operations of the navy department a statement of the contents of the despatch it was written that "all" of the six submarines probably had been lost. Later, on checking the message and statement issued to the press, it was found that the word was "one" in the dispatch.

Officials were interested in particulars of the fight since if the vessels were under convoy as is supposed, and either of the two steamers lost were American the first convoyed American merchant craft has fallen victim to the submarines. The fact that the submarines attacked the merchant fleet in such force led to the conclusion that the German commander erroneously thought he had to deal with troop transports or with army supply ships.

SEEK CURRAN MAN FOR FATHER-IN-LAW'S MURDER

SPRINGFIELD, Ill., Sept. 11.—Roy Wells of Curran, is being sought by deputy sheriffs for the murder of Addison Martin, his father-in-law at ten o'clock tonight. The shooting is believed to have been the result of a quarrel between Wells and his wife who separated from him a short time ago and returned to live with her father. It is believed that Wells intended to kill his wife and going to his father-in-law's house, shot Martin who interfered. An all night search by deputy sheriffs for Wells who is believed to have boarded a train for some nearby town was unsuccessful.

EMPEROR WILLIAM RETURNS TO POTSDAM

Amsterdam, Sept. 11.—Emperor William returned to Potsdam, it is announced in an official statement from Berlin today.

FIX PRICES OF CANADIAN WHEAT

OTTAWA, Sept. 11.—The Canadian board of grain supervisors has fixed the prices of the Canadian wheat crop of 1917 at Port William and Port Arthur as follows:

Manitoba Northern No. 1 . . . \$2.21
Northern No. 2 . . . 2.18
Northern No. 3 . . . 2.15
Alberta Red winter No. 1 . . . 2.21
Red winter No. 2 . . . 2.18
Red winter No. 3 . . . 2.15

It is understood the Canadian prices are the same as for the three grades of dark spring northern and dark hard winter at Minneapolis and Duluth.

DECIDE TO RAISE PRICE OF MILK

ST. LOUIS, Mo., Sept. 11.—The Southern Illinois Milk Producers' association which furnished eighty per cent of the St. Louis milk supply decided here today to raise the price of milk from \$2.20 to \$3.50 a hundred pounds on October 1, if the St. Louis distributors will pay the price. Local distributors say such an increase will mean that the price to consumers must be raised from 15 cents to 15 cents a quart. The producers say the high cost of feed makes the increase necessary.

EXPECT COLD DAYS TO MODERATE TODAY

WASHINGTON, Sept. 11.—The present cold snap, extending from the Mississippi river eastward to the Atlantic coast and as far south as Virginia is expected to moderate by Wednesday, when the weather bureau predicts, a general rise in temperature will be felt.

Frost is predicted for tonight in the lake region except in upper Michigan and from the upper Ohio valley eastward to the Atlantic.

TRAIN HITS AUTO; ONE DEAD

Paxton, Ill., Sept. 11.—J. L. Lane, a prominent business man of this city was almost instantly killed here today when his automobile was hit by a Lake Erie train. The automobile was carried a block and a half by the train.

EXPLAINS NECESSITIES OF WAR CREDIT BILL

WASHINGTON, Sept. 11.—For three hours today Secretary McAdoo explained to the senate finance committee the necessities for the eleven billion dollar war credit bill passed last week by the house. He told the committee that all of the \$4,000,000,000 new bonds proposed in the bill for loans to the allies probably would not be needed but that it was desired to make the amount ample to meet any emergency.

The new maximum interest rate of four percent authorized in the bill for the new bonds appeared to meet with general approval, but some committee members expressed doubt of the wisdom of the convertibility proposal and also of the taxation authorized.

WAR NEWS SUMMARIZED

The Russian troops on the Riga front apparently are still impeding the Germans in their attempts at further advances into Russia and in the south along the Bukovina frontier, as in lower Roumania where they are operating in conjunction with the Roumanians, they have taken the offensive and won victories over the Teutonic allies.

Around Verdun the fighting between the French and the Germans has died down to intermittent artillery duels, the Germans having ceased their violent counter attacks to regain lost positions. In Champagne there has been a resumption of somewhat violent operations in which General Petain's forces have won successes.

From the Belgian coast well down into Flanders the artillery duels continue violent, but with Field Marshal Haig's guns apparently doing the major portion of the work. Aside from the usual trench raiding operations, however, the infantry is still keeping the trenches.

German aviators continue their shelling of allied hospitals behind the lines, Monday night they carried out their latest raid in the region of Dunkirk where bombs which fell on a hospital wounded five women. The Swedish foreign office announced that it will not recall the Swedish minister to Argentina. The foreign office asserts that the Swedish minister did not know the contents of despatches forwarded to Germany for the German charge d'affaires.

Germany's reply to Pope Benedict's peace proposal has not yet been made public altho work on it is in progress. Unofficial advices say Emperor William has returned from the eastern battle front to confer with the imperial chancellor and the foreign minister concerning the contents of the document.

FOUR OF PAPER'S STAFF NOW UNDER ARREST

PHILADELPHIA, Sept. 11.—Four members of the staff of the Philadelphia Tageblatt, whose offices were raided yesterday by government agents, are now under arrest and the remaining two for whom warrants have been issued will appear for hearing on Thursday. All are charged with violating the espionage act thru the publication of articles inimical to the interests of the United States. Louis Werner, editor in chief and Waldimir Alfredo, an editorial writer, surrendered to the federal authorities today and were held in \$10,000 bail each. Peter Schaefer, president of the company, which publishes the Tageblatt and Paul Vogel, treasurer, the two men wanted, are in Cincinnati, it was said, and their counsel promised they would be here Thursday. Dr. Martin Darrow, managing editor, and Herman Lemke, business manager, were arrested yesterday.

EMPEROR WILLIAM RETURNS TO POTSDAM

Amsterdam, Sept. 11.—Emperor William returned to Potsdam, it is announced in an official statement from Berlin today.

Berlin messages last week told of a visit by the emperor to Riga where on Thursday he addressed German troops occupying the city.

Kaiser Receives Chancellor

London, Sept. 11.—A despatch to the Exchange Telegraph from Amsterdam says:

"Emperor William returned to Potsdam today to receive Dr. George Michaelis, the imperial chancellor, and Foreign Minister Von Kuehlmann, when the final decision will be reached regarding the answer to the pope's peace proposal and the status of Poland."

"The emperor is said to be suffering from a severe chill contracted on the Riga battlefield."

ADJ. GEN. STEWART DIES

Harrisburg, Pa., Sept. 11.—Adjutant-General Thomas J. Stewart, for twenty-two years administrative head of the Pennsylvania National Guard, and former National commander-in-chief of the G. A. R. died suddenly today.

Gen. Stewart died on his birthday. He was born near Belfast, Ireland, Sept. 11, 1848.

AIRMAN NEAR DEATH

Fort Sill, Okla., Sept. 11.—Rodrick R. Kennedy, Minneapolis, private in the Third Aero Squadron, nearly died as the result of burns received when he crashed two hundred feet to earth in a flaming airplane at the aviation camp here early this morning.

SOUTHERN DECLARES DIVIDEND

New York, Sept. 11.—The Southern Railway today declared a dividend of 2 1/2 per cent on the preferred stock. This is the first dividend declared on this issue since October, 1914.

SWEDEN WILL NOT RECALL MINISTER

Foreign Minister Asserts Baron Was Not To Blame For Tenor of Message

ACTED IN GOOD FAITH

STOCKHOLM, Sept. 11.—Baron Lowen, the Swedish minister to Argentina, will not be recalled according to a statement made to the press tonight by Admiral Linman, minister of foreign affairs. The foreign minister told the newspapermen that Baron Lowen was not blamable for the tenor of the messages which passed thru the Swedish legation, sent by the German charge to the Berlin foreign office and as he had acted in good faith and did not know the contents of the despatches he would not be recalled.

May Have More Documents.

Admiral Linman added that he would not be astonished if Secretary Lansing had more documents of a similar nature in store, emanating from the European side and in good faith and with the consent of Great Britain forwarded to German official representatives in South America.

The cabinet was in session from 2 to 5 o'clock after which the foreign office communication was made public. It is the general impression, even among the strongly opposed political parties that Sweden acted in good faith in the matter of the German telegrams but public opinion nevertheless is stirred by the fact that code telegrams of German origin were permitted to be forwarded without giving the Swedish officials the key to the code so that they might control the contents of the dispatch. The incident is expected to place the late cabinet in an unfavorable light and also to have a great bearing on the general elections now in progress. In these elections the conservatives already have lost seven seats and the Socialists and Liberals are gaining a badly.

Receive Long Delayed Despatches.

Buenos Aires, Sept. 11.—The long delayed despatches from Ambassador Naon at Washington were received by the foreign minister late this afternoon. The ambassador sent these despatches relating to the revelations regarding the Swedish legation here on Friday, but they had been stalled along the road. They did not contain all the information the foreign minister desired and the Argentine ambassador was instructed to see Secretary Lansing immediately, presumably for the purpose of obtaining more details.

A high official of the foreign office said this afternoon that Count Luxburg, the German charge, would be handed his passports, but action by the government awaits the result of the conference between Ambassador Naon and Secretary Lansing.

Makes Careful Distinction.

Washington, Sept. 11.—Careful distinction again was made by Secretary Lansing today between the government of Sweden and the people of that country.

"I observe," said he, "that some papers still publish the view that we are going to punish the Swedish nation for the acts of some of its officials. There is no such intention. We have the friendliest feeling for the Swedish people."

Similar distinction has been reflected in the press comment from nearly every foreign capital and also emphasized by diplomatic representatives of the allies here.

Baron Akerhelm, the Swedish charge here, and Ambassador Naon of Argentina, both called at the state department during the morning and conferred with Secretary Lansing, but it was asserted that neither brought any communication from his

erwise credited in this paper and
also the local news published herein.

I. W. W. GROWTH.

Evidently the government drive
against I. W. W. organization came
none too soon for an investigation
of the records indicated that the
membership which is now 90,000,
had increased a thousand per cent
in three years' time. No doubt the
remarkable gain in numbers had a
close relationship to the further
fact that the organization was so
abundantly financed, and without
doubt from German sources at that.

THE EARLY FROST.

Mr. Hoover continues to urge the
use of corn meal with the declara-
tion that there is twice as much nu-
tritive value in a dollar's worth of
corn bread as a dollar's worth of
wheat bread at present prices. The
food administration goes on to say
that there are four bushels of corn
raised in this country to one of
wheat, and that corn meal is as good
for food as is wheat. Evidently Mr.
Hoover penned that statement be-
fore the recent frost which cut down
the 1917 corn crop in northern corn
producing areas by a very large per-
cent.

THE TOBACCO HABIT.

The Methodist ministerial union
of Chicago at a recent meeting
adopted a resolution deploring the
use of tobacco and pledging minis-
ters to be non-users and to exert
their influence against the tobacco
habit. This does not mean a new po-
sition for the Methodist ministers
but their resolution comes at a time
when it will be very difficult to se-
cure much new support because of
the continued agitation for provid-
ing tobacco for the soldiers at home
and the fighting forces abroad.

It is easy to point out the bad re-
sults which come from excessive to-
bacco using but it is difficult to sug-
gest anything which will serve as a
substitute for some men and espe-
cially for soldiers. They testify that
the solace which comes from pipe or
cigarette means much to them in
camp or on the field. Right now the
people have the disposition to grati-
fy the whims and tastes of the sol-
diers and they are not likely to con-
sider after effects very seriously.
Their idea is to please and satisfy
the soldiers, and certainly nothing
is too good for them.

MINING CONDITIONS.

The strike of 4,000 miners in the
Springfield district Monday as a pro-

test because labor unions were not
permitted to have a parade as a sym-
pathy demonstration for the striking
car operators, was not surprising to
anyone familiar with present condi-
tions in the coal industry. For
months past the miners have had all
the work they could do at good
wages. Ordinarily there is a slump-
ing off in the demand for mine labor
during the summer months but that
was not true this year and every
miner who has wanted work has had
it. Many of them are working five
days a week and have averaged a
weekly wage of \$35 to \$40.

In the present instance the strike
will probably not be a great cause
for sorrow among the coal mine
owners and operators. They are
still engaged in the effort to secure
authority for prices somewhat high-
er than those recently announced
by the government, and so any hap-
pening which serves to indicate the
difficulty of handling the coal indus-
try is an argument in their favor. It
is interesting to note in this connec-
tion that since the government
ending authorized a jobbers' addi-
tional charge of 15c a ton that all
the mine owners have discovered
that they are jobbers as well as pro-
ducers, and are therefore entitled
to charge an additional 15c per ton
for the coal they handle.

PROTESTS CONTINUE AGAINST MISSOURI SENATORS.

The question of a state wide
demand for Senators Stone and Reed
to resign is still agitating many
democrats of Missouri. A mass meet-
ing will be held at Kennett next
Saturday which is intended to be the
beginning of a state wide campaign
of protest. It is not at all likely
that those behind the movement
have any serious thought that the
senators can be prevailed upon to
quit their posts but they do realize
that unless something is done to
show that the course of the senators
with reference to the war is not ap-
proved by a majority of Missouri
Democrats, that the party had just
as well not have any candidates at
the next election.

So while Senators Stone and Reed
cannot be pried loose from their
posts at Washington, the present up-
roar in Missouri is very ominous so
far as their political futures are con-
cerned. All the publicity they are
getting will make it almost impos-
sible for them to successfully seek
re-election.

SCHOOL DAYS AND CHILDREN.

Ask the average child if he likes
to go to school and he will promptly
answer no. But any group who
observes children a few days before
the schools open and during the days
that follow knows that the children
are mistaken and that they really
enjoy the school work. Possibly it
is too much to say that they look
forward to the work with such show
of enthusiasm, but they certainly do
anticipate the assembling together
in the school room, the play at the
recess hour and for the older ones
the special diversions which come
thru the student organizations.

Almost every child in Jacksonville
was at heart eager for the schools
to begin Monday and for most of
them that desirable enthusiasm will
continue to more or less degree un-
til the end of their high school
courses.

An oculist's advertisement which
has appeared in a number of cities
sets forth that "children who do not
study, usually cannot study," and
of course goes on to say that in the
great majority of such cases where
there is a lack of desire to study
there is need for attention to the
eyes. It is a fact to which school
authorities have given much atten-
tion in recent years that a careful
consideration of the cases of pupils
who are slow or inattentive will of-
ten show a physical cause. In many
cases where the eyes of children have
been tested and fault corrected thru
treatment or glasses, seemingly dull
pupils have been transformed into
those studious and alert. The same
thing is true of children not well
nourished. Without the proper qual-
ity and quantity of food the grow-
ing child cannot give the best facul-
ties to school work and in some of
the larger cities the plan of provid-
ing nourishing diet for children of
the poor classes has brought mar-
velous results.

All of which is mentioned merely
because it is suggested by the open-
ing days of school and carries with
it the thought of how important and
complex is the whole problem of pro-
viding the best in public school
training for our children.

THIS DATE IN HISTORY

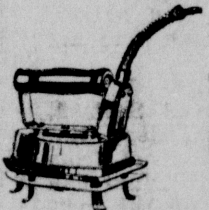

September 12, 1839—James M.
Moore, C. H. Hodge, H. C. Ernst,
James Reed, and H. Goodman, re-

ceived in full Auditor's warrants,
\$23.00 for services in removing
Secretary of State's office, Van-
dalla to Springfield.

Rippling Rhymes By WALT MASON

Old and New.
In olden times the hardy knight
went forth with lance and mace to
fight. He rode upon his foaming
steed, and hoped to do some goodly
deed. And in fray it often chanced
that he was shot or slugged or
lanced, and he would lie upon the
field, encumbered by his arms and
shield, and die for weary days on
end, without a surgeon or a friend.
Oh, dying was a painful stunt for
old time soldiers at the front. But
when the modern soldier falls,
struck down by shrapnel shells or
balls, he wakes up—if he hasn't
died—with Red Cross nurses at his
side. They tend his hurts and
soothe his pain, and make him
think of home again; sweet sym-
pathy is in their eyes; they are so
gentle, patient, wise, the stricken
soldier pities those who are not shot
up by the foe. War is the most
atrocious thing e'er sprung by an
ambitious king, and it would be so
much the worse, but for the gentle
Red Cross nurse, who strokes the
sick boy's tangled hair, and brings
him hope who knew despair.

HISTORY OF AUTOMOBILE DEVELOPMENT COMPILED

Horseless Vehicles of Various Types
Produced Centuries Ago — First
Instance Found in Ancient
Chinese Records.

Altho the first gasoline automob-
ile was invented in 1892 in America
horseless vehicles of various types
had been produced centuries earlier,
according to a history of the auto-
mobile recently compiled by C. S.
Rieman, vice president of the Elgin
Motor Car company.

The first vehicle without animal
power is found in ancient Chinese
records which describe kite carriages
which were driven by wind blowing
against sails attached to the body,
says the history.

Idea Transferred to England.
This idea was later transferred to
England and in the reign of King
James I a patent was granted to
Hugo Upton for a wind driven car-
riage.

The next efforts to perfect a
self-propelled machine came in the
18th century when a man named
Pinchbeck built a steam-propelled
car which ran 40 minutes without
stopping.

In 1759 the English inventor
Ladd further perfected the steam
machine and carried five passengers
at the rate of six miles an hour.

This was long before the invention
of the locomotive.

In 1802 Richard Trevithick built
a steam carriage which ran more
than 90 miles and was later exhib-
ited in London.

The first practical steam car-
riage, however, was built by Walter
Hancock, a few years later. The
machine ran 4,200 miles and car-
ried a total of 12,761 passengers.

Gunpowder Used as Explosive.
The first internal combustion en-
gine was invented by Abbé D'Haut-
feuille in 1678. The explosive pow-
der of gunpowder was used to drive a
piston in a cylinder. This principle
was later adopted in the gasoline
engine.

The first gas engine was invented
in 1884 by Gottlieb Daimler, who
applied it to a bicycle a year later.

It was after experimenting with
this engine that C. E. Duryea built
the first automobile in 1892. This
machine was not successful, as there
was not enough power to drive it
except under ideal conditions, and
two years later Duryea built a four
cylinder car which was quite suc-
cessful.

Since then the development of
the automobile has been rapid—Ex-
change.

ADVERTISED LETTERS.

The following letters remain un-
claimed at the Post Office at Jack-
sonville, Ill., for the week ending
Sept. 11, 1917.

Bratcher, Edda.

EASTERN MAN VISITS MEREDOSIA RELATIVES

William Debinder of Reading, Pa.,
Visits Brother for First Time in
Thirty Five Years—Bert Boles has
Position in Quincy—News Notes.

Meredosia, Sept. 11.—Friends
have received word from Mrs. Belle
Birch, who was recently taken to the
County Farm, that she has been re-
moved to Passavant hospital for
treatment.

Mrs. Mary Morris left Saturday
for East St. Louis to make a visit.
H. L. Lake of Chicago spent a
few days the first of the week with
his family here.

Wm. Debinder of Reading, Pa.,
is visiting his brother, J. A. Debinder
and family. This is the first visit
the brothers have had with one an-
other for thirty five years.

Mr. and Mrs. El Harshman, P.
S. Hodges and Miss Nellie Bauser
motored to Bluffs Sunday and at-
tended the chautauqua.

Miss Gladys Goodin of St. Louis
returned home Saturday, having vis-
ited with Mr. and Mrs. T. B. Dud-
hope.

Capt. Charles Abrams, Doctors F.
A. and Louis Neville motored to
Bluffs Sunday afternoon to attend
the chautauqua.

G. W. Davis has been quite sick
the past week.

Mrs. Mary Brockhouse who has
been on the sick list for a week is
much improved.

Mr. and Mrs. J. C. Kratz, Daugh-
erty Watts, Mrs. B. C. Heffner and
Mrs. J. H. Looman motored to Bluffs
Sunday afternoon.

Miss Margaret Cody visited her
brothers Will and Arthur in Jack-
sonville Sunday.

Bert Boles left Monday morning
for Quincy where he has a position
in the electric wheel works. His
family expects to join him soon to
reside there. We regret to lose them
from our midst but wish them suc-
cess in their new home.

L. H. Wegehoff, J. H. Looman,
B. C. Heffner and L. H. Yost motored
to Bluffs Sunday afternoon to at-
tend the chautauqua.

Mrs. Albert Nunn of Chapin vis-
ited her daughter, Mrs. Maurice Mc-
Lain Saturday.

Miss Pearl Hughes of Jackson-
ville was the guest Saturday of Miss
Velma Hale.

N. S. Bushnell, wife and children
spent Sunday with Mrs. Bushnell's
parents in Versailles.

G. W. James has been on the sick
list the past week.

Otto Yeakel and Carl Beauchamp
were Bluffs visitors Sunday.

Wm. Allen is slowly improving
from his recent illness of several
weeks' duration.

Miss Rena Pond departed Satur-
day for Hammond where she will
teach in the graded schools this year.

Mr. and Mrs. Adolph Krusa vis-
ited Sunday with relatives at Clay-
ton.

Miss Pearl Larson of Jacksonville
was a week end visitor at the home
of Miss Tena Kappal.

J. R. Bowling is confined in a hos-
pital in Springfield with blood poi-
son in his hand.

Daugherty Watts of West Palm
Beach, Fla., was visiting his former
friends in this city from Friday until
Sunday.

Mr. and Mrs. Garrett Fields of
St. Louis spent Sunday and Monday
with Mr. Field's parents, Mr. and
Mrs. R. B. Fields.

Mrs. J. P. Yeek visited in Jack-
sonville Saturday.

Dr. H. H. Hamman, wife and son
Bernard, Editor Burdick, wife and
daughter, Anna Christine motored to
Chambersburg Sunday and took din-
ner and from there went to Ver-
sailles and spent the afternoon.

On last Thursday evening, Mr.
Vasconcellos came near meeting
with a serious accident while driving
his Ford car. He was driving along
the north side of the park when a
cow ran in front of the machine. In
trying to avoid striking the cow he
came near running over Eli Harsh-
man who was on his way home from
town. The car struck the cow on the
hip, bruising her but not seriously.
The front axle of the car was
damaged to some extent.

C. T. Bushnell and family motored to
Princeton Sunday for a visit with
Mr. Rice's relatives.

Miss Nina Roe of Chapin was vis-
iting friends Monday.

James Boyd of Baylis was attend-
ing to business affairs here Monday.
Albert Nunn of Chapin was a vis-
itor here Monday.

JOY PRAIRIE

Ruel Challenger spent the week
with William Wilding of Strawn's
Crossing.

Ed Patterson of Joy Prairie was
a business caller in the city Satur-
day.

Herbert Challiner and son were
callers in the city Saturday.

Walter Shumaker motored to Jack-
sonville Saturday on business in his
Stoddard Dayton car.

C. L. Wilkie was a business caller
in the city Saturday.

Walnut Grove school started Mon-
day with Beatrice Standley as teach-
er.

Mr. and Mrs. J. L. Johnson were
in the city Saturday.

Mr. and Mrs. Merle Beddingfield
were in the city Saturday.

Herbert Challiner and family spent
Sunday at William Wildings.

An enjoyable evening was spent
at the dance at Wm. Newby's resi-
dence northwest of the city recently.
A large number was present.

STRAW AND CLOVER HAY

Cain Mills wants thirty tons each
of straw and clover hay for quick
delivery. Cain Mills, 222 W. Lafay-
ette Ave. Both phones 240.

Dr. G. R. Bradley went to St.
Louis yesterday afternoon and from
there will go to Central Missouri to
spend a day or two at his farm in
that locality.

FARM NOTES

While some farmers are fearful
that the frosty weather is going to
injure corn planted late, Arthur
Swain of Sinclair precinct said yes-
terday that the frost Monday night
in his opinion was a benefit to
corn. Mr. Swain says, and there are
many farmers who will hold to the
same opinion, that a light frost like
that of Monday helps to dry out
the corn and make it ripen more
quickly. So they figure that this
light frost on the corn that was
planted late was beneficial. This
would not be true of a very heavy
frost for that would be certain to
make the full development of the
corn impossible and "soft" corn
would be the certain result. That is
the condition, according to tele-
graphic reports, in northern Illinois
Wisconsin and some other northern
states as a result of the severe frost
of Monday night. For in the locali-
ties mentioned it is very much
colder than was true here.

Two farmers of Murrayville pre-
dicted were so much worried Monday
night about the danger from frost
that they took a somewhat unique
method in their efforts to minimize
the frost damage in one particular
tract of corn they own. These far-
mers operate quite extensively but
they have one particular plot of 10
acres which promises an extra heavy
yield altho it was planted late.
There is a row of stumps running
thru the middle of this field and they
devised the plan of soaking gunny
sacks in crude petroleum and then
burning them on the stumps. Their
idea was that the fire thus made
would burn thruout the night and
that the heat generated would not
be of a kind that would damage the
nearby rows of corn but would at
the same time be sufficient to great-
ly lessen the danger from frost. The
heat from the petroleum soaked
sacks was diffused over a consider-
able area, and due to this plan, or
from natural causes, the field show-
ed no signs of frost Tuesday morn-
ing. The labor, however, was quite
arduous and the farmers did not re-
peat the performance last night
altho there was again a promise of
frost.

FOR FINE MILLINERY AT LOW PRICES GO TO HER- MAN'S.

Social Events

State Street Missionary Society Held Meeting.

The Women's Missionary Society
of State Street Presbyterian church
met with Mrs. J. L. Johnson of
Lockwood Place Tuesday afternoon.
It was the first meeting of the so-
ciety for the fall and winter and plans
for the winter work were discussed.
Mrs. W. H. H. King read a paper en-
titled, "Every Woman." Mrs. R. B.
Wilson read a paper of "Margaret's
Mite Box." Mrs. A. L. Adams was
present and asked the society to co-
operate in the work of registration
day for women of the city and coun-
ty. On roll call the members re-
sponded with a missionary item.

Sunday Class Entertained.

Class 14 of the Murrayville M. E.
Sunday school taught by Miss Han-
nah Atkinson enjoyed a social at
the home of Mrs. Mary E. Wright
Monday evening. The hours were
pleasantly spent by the ladies in
knitting for the Red Cross. A social
hour followed during which dainty
refreshments were served. The com-
mittee in charge was Mrs. Austin
King, Mrs. Ernest Jordan and Mrs.
Mary E. Wright.

Ladies' Furs in the late styles are shown by FRANK BYRNS' Hat Store.

VISITED LODGES TUESDAY EVENING

Committees from Illini Lodge
No. 4 and Urania Lodge No. 243
visited the Odd Fellows lodges at
Woodson, Chapin and Franklin Tues-
day evening. The committee going
to Woodson was composed of W. E.
Thomson, J. T. Roberts, F. M.
Brewer, Allen Stewart and Thomas
Cully. The Woodson lodge appointed
the following committee to attend
the general meeting to be held
here, J. F. Self, Edward Gallagher
and Frank McCurley.

The committee visiting Chapin
was composed of C. E. Williamson,
J. Marshall Miller, T. S. Martin, P.
G. Stein and F. L. Gregory. Chapin
lodge appointed the following com-
mittee. William Henry, A. Wroe
and J. A. Hamilton. The committee
of Franklin was headed by O. E.
Tandy. The Journal was unable to
obtain the names of the committee
from that lodge.

Read Widmayer's special meat prices for this week, in ad on page 3.

MRS. PALMER TO MAKE ADDRESS HERE

Suffragists in Jacksonville will
be greatly pleased to know that Mrs.
George T. Palmer of Springfield will
be here to make an address next
Monday night at the public library.
Her theme will be "The Need of a
new Constitution for Illinois." Mrs.
Palmer, who is prominent in club
and civic work in her home city, has
been serving as a general in the
emergency league organization of
women and has done very effective
work. John J. Reeve will preside at
the meeting Monday night and after
Mrs. Palmer has spoken very brief
addresses will be made by several
Jacksonville men.

Sweaters, 75c to \$7.50 at Tomlinson's.

The Cleosina club will meet
Thursday afternoon with Mrs. Me-
dora Bryant at her home on Lorton
street.

S. T. Zachary of the east part of the county rode to the city in his Buick car Tuesday.

Oliver Coultas and family of the vicinity of Lynnville were city callers in the city yesterday coming in their Dodge car.

Mrs. W. C. Kuechler and daughter, Miss Ione, arrived in the city from Winchester yesterday.

Irvin Cox of the east part of the county rode to town in his Ford car yesterday.

James Gaddis of Concord made a trip to the city in his Buick car yesterday.

L. W. Cox of the vicinity of Orleans traveled to the city Tuesday.

Rev. C. G. Centrail of Concord rode to the city in his Overland car yesterday.

Samuel Butler of Woodson precinct called on city people Tuesday.

Thomas Casey and brother of the northwest part of the county rode to the city in their Overland car yesterday.

John Murray of the south part of the county was transacting business in the city yesterday.

N. E. Schurz of the northeast part of the county rode to town in his Overland car yesterday.

Mr. and Mrs. Otis Van Winkle of Franklin motored to the city yesterday in their Saxon car.

MORTUARY

A. R. Gregory has received word of the death of E. M. Sanford, formerly of this city and more recently of San Diego, California. Mr. Sanford was born in New Jersey and at the time of his death was more than eighty years of age. He lived in this city a good many years and for a time carried on the marble business in a frame building on West State street west of the alley, where now stands the Ayers block. He later studied law and opened an office in this city and practiced some years. He was an earnest advocate of temperance and prohibition and made many addresses in favor of the prohibition party.

More than thirty years ago he removed to Jamestown, North Dakota, where he lived until a few years ago when he moved to Florida and from that state to California. He was a man of good principles and earnest in what he conceived to be right. He is survived by his wife, one daughter, Mrs. Bergstrom, and three sons, Ruel of Oklahoma, Frank of Salt Lake City, Utah, who is a conductor on the Denver and Rio Grande railroad, and Ernest, whose whereabouts were unknown to Mr. Gregory. Mr. Sanford's home in this city was well toward the south end of Clay avenue, near the Stacy homestead and comprised a fine grove and a good house which were an ornament to the place.

Word was received in the city yesterday of the death at the Soldiers' home in Quincy of George Washington, an aged colored man, and former resident of this city. Deceased was a veteran of the civil war. The remains will be brought here for burial, the time of the funeral to be announced later.

Calhoun

Mrs. E. K. Towle received word yesterday of the death of her uncle, the Rev. W. S. Calhoun which occurred at his home in Tuscola Monday. Mr. Calhoun attended the conference in Champaign and met Mr. Towle Saturday and seemed to be in his usual health. He was well known in this district, having served charges in Perry, Pittsfield and other places in this vicinity. Mrs. Towle expects to attend the funeral which will be held in Tuscola Thursday.

SAW A BIG PLANT STARTED.

O. E. Tandy has returned from a tour of some southern states and gives a glowing account of things he saw down there. At Charlotte, West Virginia he saw secretary of the navy, Josephus Daniels, raise the first spadeful of earth for the foundation of the big munition plant the government is erecting there. A munition plant to cost two millions is being constructed and an armor plant to cost twenty millions is under way.

Mr. Tandy is especially pleased with the spirit of loyalty shown thru out the south and also the fact that party lines are so obliterated in the opinions regarding the war. He says there are but two parties in the country now, the administration and anti-administration. There was a grand reception tendered Secretary Daniels and there were even more Republicans than Democrats present. In fact party lines were not at all considered. Like many others, Mr. Tandy says he is unable to see how any conscientious, intelligent man can be opposed to the administration and the war for it is the best way out of a bad situation.

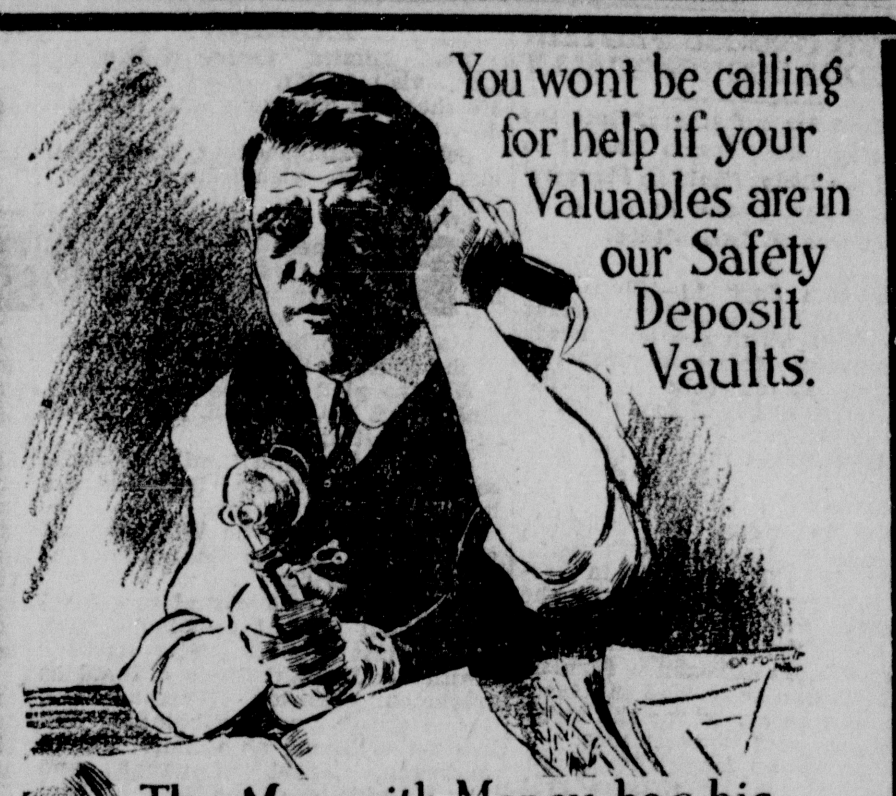

COUNCIL IN ADJOURNED SESSION TUESDAY.

Passed Tax Levy Ordinance for Special Assessment Benefits—Ordinances Adopted for Sidewalks.

An adjourned session of the city council was held in the council chamber Tuesday morning at 10 o'clock. All members were present except Commissioner Vasconcellos.

The tax levy ordinance was passed in conformity with the recent ordinance levying special assessment for public benefits. A copy of this will be filed with the county clerk in order to have the assessment spread in the next levy.

Sidewalk ordinances were given a second reading and adopted. The ordinances covered the following streets: West Lafayette avenue, North and South West streets, North Sandy street, North and South Main streets, Cox street, Fulton street, Brown street, Park street, Prospect street, Westminster street, North Prairie street, East Court street, Grove street and the south side of West Railroad street.

You won't be calling for help if your Valuables are in our Safety Deposit Vaults.

The Man with Money has his Valuables Safe in our Vaults.

Help! Help! That's the cry you hear from the man who keeps his valuables in his home and loses them.

The way to avoid this is to place your valuable papers, jewelry and heirlooms in our SAFETY DEPOSIT VAULTS. Then you are free from worry. You know they are safe.

We will rent you a Safety Deposit Box at reasonable rates.

HOW TO CHOOSE PROTEIN FOODS ECONOMICALLY

Suggestions for a Rational Basis for Selecting the Foods Needed to Build the Body, Made in Farmers' Bulletin Just Issued by the U. S. Department of Agriculture.

Washington, Sept. 11.—Since protein is one of the most important food elements which the body needs and in most forms is expensive, housewives should take particular care in the selection of foods rich in protein in order that they may provide this substance in their diet economically, say specialists of the U. S. Department of Agriculture. The principles underlying the choice of such foods are discussed in Farmers' Bulletin 824, "Foods Rich in Protein," recently published by the department. Protein, the bulletin points out, is the only form in which the very element nitrogen is furnished to the human body. The substance is absolutely necessary for the building and repair of body tissues.

The best known foods rich in protein include meat, fish, eggs, milk, cheese, legumes, nuts, etc. The proteins of the different foods vary somewhat in character. It does not make much difference from which materials older persons get their supply of protein, the variety of kinds usually is considered desirable. In the case of children, however, milk is the very best source of protein.

Housewives may solve the problem of furnishing the needed protein of the diet economically, says the bulletin, by learning how much protein is provided by the different kinds of food and then choosing the kinds which will furnish what the family needs for comparatively low cost and with little waste. For the assistance of housewives in making such comparisons, tables giving the amount of the protein in a pound of various protein rich foods, and also the percentage of protein in the different foods are included in the bulletin.

In discussing the relation of the protein food consumed to bodily health the bulletin points out that healthy persons should not make the mistake of assuming that it is necessary to measure their food as carefully as a doctor measures his medicines or even the food which he prescribes for an invalid. If the body is in good condition it adapts itself to the ordinary variations in its food supply. The danger comes when, day in and day out, the body gets too much or too little food, or when the kinds provided are not the most suitable. While there is no need to measure exactly how much protein is obtained with every meal, if the diet as a whole is to be healthful and economical the person who plans it ought to know in a general way how much protein and other nutrients are needed and how much is contained in the different food materials, and then choose accordingly. The Bulletin contains receipts for the preparation of economical dishes rich in protein.

BRITISH CASUALTIES
London, Sept. 11.—Casualties in the British ranks reported during the week ending today show a total of 26,626 officers and men as follows: Officers killed and died of wounds 184; men 4,183. Officers wounded or missing 581; men 21,678.

FIRST INSTRUCTION FLIGHT
Belleville, Ill., Sept. 11.—The first instruction flight at Scott Aviation Field near here, was made today when J. Houston Maupin of Gainesville, Tex., was taken up in an aeroplane by T. C. Jones, of Shreveport, La., civilian instructor.

Peter Hamel has returned home from Chicago after a visit with his son, Joe Hamel and family.

Miss Pearl Fligg spent Sunday with Mrs. C. W. Burdick of Winchester.

Dale Blackburn has returned home after a visit with Felix Gordon of Murrayville.

J. B. Gordon had a horse die last week.

Wiley Todd expects to move his family to our village this week for the winter.

WINTER WHEAT RELIEVES LABOR SHORTAGE

An Acre of Wheat Requires Only One-Half as Much Labor as an Acre of Corn.

The shortage of available farm labor in the United States makes it extremely necessary, according to the University of Illinois, that farmers select their crops with a view to saving man labor and distributing that which is available thruout the growing season to the best advantage.

Winter wheat will do this for the farmers of the Corn Belt. The amount of man labor necessary to put in and harvest an acre of wheat is one half that required to raise and crib an acre of corn. This labor required for putting in and harvesting wheat comes at a time when the corn and other crops demand little labor.

The Illinois farmer finds two periods—in early summer, May and June and in the fall, October and November—when his men and teams are taxed to the limit. August and September are the two comparatively quiet months of the growing season; that is just the time when some work getting in winter wheat is going to relieve the congested months next spring and fall, when there will be fewer men on the farms and the seasons just as exacting.

By the time wheat demanding labor for harvesting, corn plowing is in most instances completed and hay out of the way. The ground can be prepared and wheat put in before corn picking begins.

An extra field of winter wheat put in this fall is going to cut the labor on that field in two and get it done when other labor extracting crops do not call for it.

ILLINOIS WOMAN'S COLLEGE

Opens Sept. 17 and 18
Regular college courses leading to A. B. degree. Electives in special courses count toward degrees.

ASKS MONEY FOR RELIEF
Washington, Sept. 11.—For relief of American citizens in Germany or German occupied territory and American prisoners of war who may be taken by German forces, Secretary Lansing today asked Congress to appropriate \$50,000.

IMPROVEMENTS IN PROGRESS AT CONCORD

Walter McCarty Erects New Home in South Part of Village and E. M. Harmon Builds on Moss Property—Auto Tourists Return from Minnesota—News Notes.

Concord, Sept. 11.—The venerable George Perbix is improving very slowly. Mrs. August Brockhouse, his daughter, has been quite sick for over a week and it was feared she had symptoms of typhoid, but prompt medical attention has had good results and she is on the road to recovery. Miss Fisher, R. N., and Miss Zorn, R. N., both of the Capital City have the care of these two patients, with Dr. F. M. Roberts as the physician in charge.

Baker school opened Monday with Miss Edna Brockhouse as teacher. Concord is improving, war or no war. E. M. Harmon's new house on the old Ben Moss property is about done. Our banker, Walter McCarty, is erecting a very attractive house on the "Burlington Way", in the south part of the village. Esquire Brockhouse is having the Kinney property repaired and remodeled. Other improvements are under consideration, but the writer will reserve the story until a later date.

Mr. and Mrs. G. J. R. Wooff called on your correspondent Sunday afternoon and gave a glowing account of McAllen, Texas, where they hope to locate before the end of the year. We dislike to lose them.

Luther Brockhouse and party returned from St. Charles, Minn., on Monday evening at 5:30 o'clock, where they went by auto. They started the 2nd and encountered some rain and mud. The route lay over the "Burlington Way". Those in the party were Luther Brockhouse, Miss Anna Nergenah, of Concord, and Mrs. Henry Brockhouse of Arenzville. Arthur Nergenah came back by train.

The first frost of the season was in evidence this (Tuesday) morning. Garden stuff suffered.

Miss Esther Brockhouse and Miss Minnie Kupfer motored to Jacksonville Tuesday afternoon.

Miss Zorn, R. N., will return to Springfield Wednesday on account of Mrs. Brockhouse's improvement.

FIND LIEUT. MALCOLM NOT GUILTY.

London, Sept. 11.—Lieut. Douglas Malcolm who was being tried for the murder of Anton Baumberg, was today found not guilty. The case which had been characterized as a "dream of passion" was the first to be tried here in which the "unwritten law" was the sole defense. A coroner's jury returned a verdict of "justifiable homicide" after hearing Lieutenant Malcolm's plea that he had killed Baumberg "in defense of his wife's honor."

PROBE SHOWS LATE BANKER AN EMBEZZLER

WASHINGTON, Sept. 11.—Comptroller Williams issued a statement tonight asserting investigation had disclosed that the late J. B. Martindale, president of the Chemical National Bank of New York, who died in July, 1917, was an embezzler and forger to the extent of about \$300,000. The amount was taken, the comptroller announced, from the account of a wealthy depositor, and the bank has arranged to make good the entire sum.

The capital and surplus of the bank, Mr. Williams said, were not impaired in the slightest degree by the alleged operations of Martindale.

—ARNOLD—

Mrs. Thomas Stubblefield was able to return to her home Saturday evening after being a patient at Our Saviour's Hospital.

Mr. and Mrs. Otis Mason spent Saturday evening and Sunday with Mr. Mason's parents north of Jacksonville.

Mr. and Mrs. Lloyd Magill and daughter Katharine attended the fifth wedding anniversary of Mr. and Mrs. George Theis near Woodson on Tuesday evening.

Charles Magill took Fred Hagen and family to Ashland Sunday.

Mr. and Mrs. Dunavan and two daughters of Jacksonville spent Sunday with Mr. and Mrs. Frank Devine and family.

Miss Tillie Richardson will entertain the Woman's Cntry club Tuesday afternoon, Sept. 17.

HOLD FINAL CONFERENCE

Berlin, Monday, via London, Sept. 11.—The special commission of seven Reichstag deputies selected to confer with Chancellor Michaelis in conjunction with a similar number of members of the federal council met late this afternoon for a final conference on the German reply to Pope Benedict's peace proposals.

QUINQUENNIAL CONVENTION OPENS

Cedar Rapids, Ia., Sept. 11.—Two hundred and eighty delegates from West and Central Western states opened the fifth quinquennial convention of the Bohemian Fraternal organization here today.

BIRTH RECORD

Born, to Mr. and Mrs. Edward McKavitt, 624 West Lafayette avenue, a daughter.

Born, to Mr. and Mrs. Charles McNamara, North Diamond street, a ten pound son.

Born to Mr. and Mrs. Paul Seymour on Webster avenue Tuesday a seven pound son.

Mrs. G. C. Lenington son and daughter have returned from New York City where they have been for the summer months and are again at their home on South Diamond street.

CASTORIA

MANCHESTER HONORS REGISTERED MEN

Demonstration Held Tuesday Afternoon in Park—Principal Address by Rev. R. B. Wilson of This City—Parade of Veterans, Registered Men and School Children—First Quota Will Number Ten Men.

Manchester, Sept. 11.—One of the largest and most enthusiastic demonstrations ever held in this city was that of this afternoon for the men from this precinct registered for the new National army. Sixty men from the precinct were registered and nearly all of them were present at the celebration.

The celebration was held in the public park. A program of patriotic selections and addresses was carried out. The main address of the day was delivered by the Rev. R. B. Wilson, pastor of State street Presbyterian church of Jacksonville. Mr. Wilson's address was a splendid effort and it was commented upon most favorably by those who heard it.

The celebration began with a parade which was participated in by

the registered men, veterans of the civil war and children of the public schools. All of the business houses and residences along the line of march were decorated and the national colors were much in evidence in the park.

At noon a dinner was served to the conscripted men and the band and all residents of Manchester precinct took their dinners and enjoyed a picnic dinner. The money taken in from donations and the sale of refreshments will be given to the Red Cross society.

It is thought that ten men will be drafted from here in the first quota. Three who did not claim exemption are Harry Gibney, Henry Herron and Otis Arendell. They have already been notified to be ready for service.

The program follows:

Song—Trio.
Prayer—Rev. Mark White.
Music—Odd Fellows Band of Roodhouse.

Piano solo—Miss Hilda Davis, of White Hall.

Address—Rev. R. B. Wilson, of Jacksonville.

Music—Band.

Remarks—Robert Van Tuyle, of Manchester.

Music—Band.

Vocal solo—Miss Lucille Knox, of White Hall.

Tribute to the Flag—C. B. Chapman.

Remarks on Red Cross work—E. L. Maine.

Vocal solo—Mrs. J. C. Andras, Jr.

Music—Band.

Song, America—Audience.

If you need an alarm clock, you need Big Ben; we also have Baby Ben.

Bassett's Jewelry Store.

MISS HELEN PHELPS WILL OPEN STUDIO IN BOSTON

Talented Young Lady Will Become Member of Musical Life of Eastern City.

Miss Helen Phelps, the talented daughter of Mr. and Mrs. C. C. Phelps of this city, who has been studying piano with Heinrich Gebhardt in Boston for the past few years, is to become a permanent member of the musical life of that city this fall. She is to open a studio in that city as first assistant to Miss Ethel Damon Clark, who is Mr. Gebhardt's chief assistant. Miss Phelps has been heard frequently in Jacksonville where she is known as a brilliant and exceedingly musicianly pianist. She uses the Mason and Hamlin piano and will have a splendid grand piano of that make in her Boston studio. For a number of years Miss Phelps was a student in the College of Music at I. W. C. where she studied with Mrs. Coleman.

WOODSON RED CROSS WILL HONOR SOLDIERS

Meeting Held Tuesday Night to Outline Plans—Banquet for Veterans and Drafted Men—Proceeds to Go to Red Cross.

At a meeting of the Red Cross auxiliary of Woodson held in the Presbyterian church Tuesday evening it was decided to give a reception and banquet for the men who have been called from the precinct in the first quota of the New National army.

No definite time was fixed for the event, but it probably will be held some time the first of next week. Committees were appointed to arrange for the banquet and program and these committees will complete arrangements and announce the date and program later.

Dr. Miller president of the Woodson Red Cross presided at the meeting. It was the sense of those present the reception should be a community affair. Those who wish to take part in the reception and attend the banquet may purchase tickets from any of the business houses in Woodson and committees also will solicit through the community. All the funds accruing from the banquet will be donated to the Red Cross.

Woodson has nine young men who have been called in the first quota. They are, Chester Colton, John Adams, Clifford Smith, Albert Taylor, Morris Walsh, Amos McCurley, Bert Bishop, Harvey Harney and Howard Houser.

NOKOMIS VISITORS ENJOY STATE FAIR

Call on Jacksonville Relatives and Make Trip to Springfield

Mr. and Mrs. Otis Kellogg and children Bertha and Gordon, and nephew, Chester Pocock, of Nokomis motored to Jacksonville Sunday in Mr. Kellogg's Leo Six. Here they were guests of Mr. Kellogg's brother J. F. Kellogg of East State Street.

Monday, the party accompanied by J. F. Kellogg drove over to Springfield and attended the fair. The tourists drove direct from Springfield and Mr. Kellogg returned via train to Jacksonville. Gordon Kellogg last spring won an I. C. scholarship and expects to enter Illinois College when that institution of learning opens in the next few weeks. He will make his home with his uncle on East State Street while attending school here.

NOTICE TO CONTRACTORS

Sealed bids will be received by the County Commissioners of Morgan County at their office in County Court House, until the hour of eleven a. m., Sept. 15th, 1917, for the construction of a concrete bridge near Morgan Station on County line, between Morgan and Scott Co. Each bid must be accompanied by a certified check for 5 per cent of the amount of each bid. The Commissioners reserve the right to reject any or all bids. For information, address, L. V. Baldwin, Co. Supt. of Highways, Jacksonville, Ills.

THROWN FROM HORSE

Charles Morrow of the Woodson neighborhood suffered severe bruises Monday evening when he was thrown from his horse by colliding with a buggy driven by William Flynn. The accident occurred just north of Woodson on the Jacksonville road.

Morrow was going north and Flynn south when the collision occurred. It was rather dark and the wheel of the buggy struck Morrow's horse. The saddle girth was broken and both Morrow and the horse were thrown to the ground. Morrow was rendered unconscious and was attended by Dr. R. Jones of Woodson.

BOUND OVER TO GRAND JURY

Herbert Hyatt charged with assault with intent to kill was bound over in Justice Coons' court Tuesday in the sum of \$500 to await the action of the grand jury. Hyatt was represented by John M. Butler while State's Attorney Carl E. Robinson appeared for the people. The case was originally set for a hearing before Justice Dyer but was taken to Justice Coons on a change of venue.

WAVERLY M. E. CHURCH DEDICATION OCT. 18

Bishop Quayle to Deliver Dedication Sermon—J. C. Dikis in Critical Condition—Waverly News Notes.

Waverly, Ill., Sept. 10.—The new First Methodist Episcopal church, which is being erected at a cost of \$20,000 will be dedicated Oct. 18. Bishop Quayle has been secured to deliver the dedication sermon.

Mr. and Mrs. LeRoy Braham and two sons Lowell and Maurice of St. Louis spent several days visiting friends here. They went to Franklin for a visit with friends before returning home.

Robert Burnett of Champaign is visiting his cousin, Wayne McCormick.

J. C. Dikis who underwent an operation last Thursday at St. John's hospital in Springfield for relief from appendicitis is in a critical condition. His condition was slightly improved today.

Harry Mitchell of Narka, Kansas, is spending the week visiting at the home of Mr. and Mrs. Wm. Taylor.

Mr. and Mrs. A. D. Burbank returned to their home in Springfield Monday having been guests over the week end of Rev. and Mrs. J. A. Conlee.

There was no preaching service at the Methodist church Sunday on account of the absence of the pastor who is attending annual conference at Champaign.

Miss Eleanor Crain of Alton is visiting her sister, Miss Helen, at the home of Mr. and Mrs. N. B. Rohrer.

Knox and Stetson Fall Style hats are now shown by FRANK BYRNS' Hat Store.

EXETER.

Herman Rowe was a town caller Saturday.

Roy Bullard and William Bean are visiting relatives here this week.

School began Monday, Sept. 8th, with Mr. Mann as teacher.

Mrs. Lloyd Yeck and children, Berry and Constantine are visiting at the home of Ed Berry.

Leo Bishop was a Bluffs visitor Saturday.

The Red Cross meeting, the soldiers farewell and a dance given last night were well attended.

Geo. Edward Berry and Leo Bishop left Wednesday morning for Winchester and went from there to Camp Taylor for training for the national army. Exeter has furnished two out of the first four that left.

Miss Betty Hoagland returned home to Arenzville after an extended visit at the home of Ed Berry and family.

Miss Marjorie Leib has begun teaching school at Pin Oak.

Miss Oakknoll Beckman returned Tuesday after three weeks' visit at Niantic.

Choice Veal Steaks, 14c lb. Other meats in proportion. See ad, page 3. Widmayer's.

ANNOUNCEMENTS

I hereby announce myself as a candidate for the Republican nomination for county commissioner at the primary election Sept. 12.

WILLIAM ROOK.

I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary.

September 12, 1917.

FRED J. SCHOLFIELD.

WILL ATTEND CONVENTION

Rev. M. L. Pontius, G. B. Andre, and Mr. and Mrs. C. F. Ehle expect to leave this morning for Taylorville to attend the last days session of the annual convention of the Woman's Christian Missionary society.

Boys' caps, 25c and 50c, at Tomlinson's.

NOTICE OF FINAL SETTLEMENT

In the matter of the estate of Robert Smith deceased.

Notice is hereby given that I, the undersigned administrator of the estate of Robert Smith deceased, have caused my final report and account as such administrator to be placed on file in the office of the clerk of the County Court of Morgan County, and that I shall apply to said Court on Monday, the 24th day of September A. D. 1917, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

Robert T. Smith, Administrator.

Julian P. Lippincott, Attorney.

IN THE DISTRICT COURT OF THE UNITED STATES

For the Southern District of Illinois Southern Division.

In the matter of William T. Cook, bankrupt. No. 2822 in Bankruptcy.

To the creditors of William T. Cook, of Murraysville in the County of Morgan and District aforesaid, a Bankrupt.

Notice is hereby given, That on the 23rd day of September A. D. 1917 the said William T. Cook was duly adjudicated bankrupt; and that the first meeting of his creditors will be held at the Bankruptcy Court Room, No. 226 South Sixth Street, in Springfield, Illinois, on the 21st day of September A. D. 1917, at 10 o'clock in the forenoon, at which time the said creditors may attend prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

E. S. ROBINSON, Referee in Bankruptcy.

Springfield, Ill., Sept. 10, 1917.

Carl E. Robinson, Attorney.

Jacksonville, Ill.

ENROLLMENT OF PUBLIC SCHOOLS NEAR 1900 MARK

Attendance at Present a Trifle Below Average Number of Students in the Schools—Football Practice Starts.

The public school students of Jacksonville resumed their regular school work in earnest Tuesday when the routine work was the order and classes started in all grades of the city and at the high school. The attendance just at the present is a trifle under the enrollment for last year, but it is yet a little early to be making comparisons, as there will be many students enrolling during the next ten days.

There was 1,897 students enrolled at all of the city schools up to yesterday afternoon. The enrollment at the different schools is as follows:

Jefferson School	254
Independence school	24
Lafayette School	302
Franklin School	221
Morton School	113
Washington School	292
David Prince School	266
High School	426

Totals

New Coach Starts Working.

Prof. W. S. Hoover of Lovington, Ill., who is in charge of the manual training work and athletics at the

high school this year had a squad of husky candidates for the J. H. S. football team out yesterday afternoon on the Illinois College campus.

Just received, a big line of flannel shirts, \$1.50 to \$3.00. All sizes at Tomlinson's.

Mrs. J. Frank Strawn and daughter, Miss Frances returned Monday from an outing at Pentwater, Mich. They were met in Chicago by Mr. Strawn who accompanied them home.

W. F. Close of Havana spent Tuesday in the city looking after business matters.

Lemon Juice For Freckles

Girl! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

BRADY MAKES BEST SCORE.

Chicago, Sept. 11.—M. J. Brady of Boston today made the best score in the best ball play for amateurs and professionals as the first preliminary of the Western Open Golf championship at Westmoreland Country club, scoring 36-33-69 which with the aid of two strokes taken off by his amateur partner, C. A. Rowe of the Home Club, led the large field with 35-32-67 strokes. Dow George, Peoria, and W. B. Moore, Chicago, scored 34-38-73 and H. Hunter, St. Louis, and E. Beckwith, Aurora, 40-36-76.

GRAND RAPIDS DOWNS PEORIA.

Peoria, Ill., Sept. 11.—Grand Rapids defeated Peoria 5 to 4 today and now has two victories to Peoria's three. A near riot took place in the ninth inning when Lee Tannehill, playing shortstop for Grand Rapids, attacked Empire Eddinger, following a decision at third base. Police had to interfere to prevent trouble between the players. Six hits in a row in the seventh netted the Central League champions five runs.

Score: R. H. E.
Grand Rapids 000 000 500—5 8 2
Peoria 100 000 111—4 10 0
Batteries—Slattery, Carpenter and Devorner; Nelson and O'Farrell.

EXPENDITURE OF FUND RAISED BY GARBAGE TAX

Attorney General Renders Opinion Concerning Right of Cities to Apply Fund to Other Purposes—Supreme Court Ruling.

A recent issue of "Illinois Health News", published by the State Department of Public Health, contains an article which settles the questions as to whether or not a city may spend for other purposes the fund raised for garbage disposal. This question has arisen in a number of cities in the state which have voted in favor of the levying of a special garbage tax. The article referred to follows:

Expenditures of Garbage Fund.
"Several Illinois cities have availed themselves of that amendment to the Cities and Villages Act which authorizes city councils in cities of less than 100,000 population to levy a special tax for the purpose of garbage disposal and, in some of these cities, it is said that much of this fund is being diverted to ordinary municipal needs and only slightly if at all to the purpose for which it was raised. The validity and legality of thus diverting a fund raised for a special purpose has been questioned and the Attorney General has rendered the following opinion concerning it:

Attorney General's Opinion.
"The act referred to by you is an act authorizing cities and villages having a population of less than 100,000 to levy tax for the purpose of collecting and disposing of garbage, approved June 25, 1915. Same is paragraph 777 of Chapter 24, Hurd's Statutes, 1916.

"Concerning the right of a city or village to apply such tax to purposes other than for which levied, I will say that paragraph 89 of the Cities and Villages Act, chapter 24, provides that the city council of cities and board of trustees in villages, shall within the first quarter of each fiscal year, pass an ordinance to be termed the annual appropriation bill, in which such corporate authorities may appropriate such sum or sums of money deemed necessary to defray all necessary expenses and liabilities of such corporation, which ordinance is to specify the objects and purposes for which appropriations are made and the amount appropriated for each purpose.

"The Supreme Court in the case of Fuller vs. City of Chicago, 89, Ill., 232, holds that a city can not use the taxes levied for one fund to meet the expense of another."

No Legal Justification.

"While in General Appropriations it may be legal to return the surplus left in an appropriation to general fund after the original purposes of the appropriation have been attained, there is no legal justification for employing any money appropriated for a specific purpose to any other purposes so long as the needs of the original purpose are not fully met.

Inasmuch as no Illinois city is at this time adequately collecting and disposing of garbage, there can be no surplus and no legal justification for diverting any of the garbage tax fund to the general municipal funds or to any other fund.

Money raised by special tax for garbage must be spent for garbage disposal and for nothing else."

We sell Waterman's Fountain Pens and other reliable makes. Prices, \$1.50, to \$5.00. Every pen guaranteed.

Bassett's Jewelry Store.

ILLINOIS WOMAN'S COLLEGE.

The seventy-second year of the Woman's College opens next week. Monday and Tuesday, September 17 and 18, are registration days, and arrangements to facilitate this work in the usual systematic way will be carried out.

In the Liberal Arts course the faculty numbers twenty-four professors and assistant teachers. This insures small classes with the personal attention that enables a student to develop good habit of study and to accomplish a high grade of work. It is a distinct advantage to a student to have her class periods planned in this way, and explains why it is that the University of Illinois places the Woman's College in Class A Plus of the List for Transfer of Credits in the Graduate School List. The professors with whom graduates of the college take their courses for the Master's degree in the University, report that their work is carried with unusual ease and fine methods of study.

A certificate of graduation from an accredited high school with fifteen units of credit admits to the Freshman class.

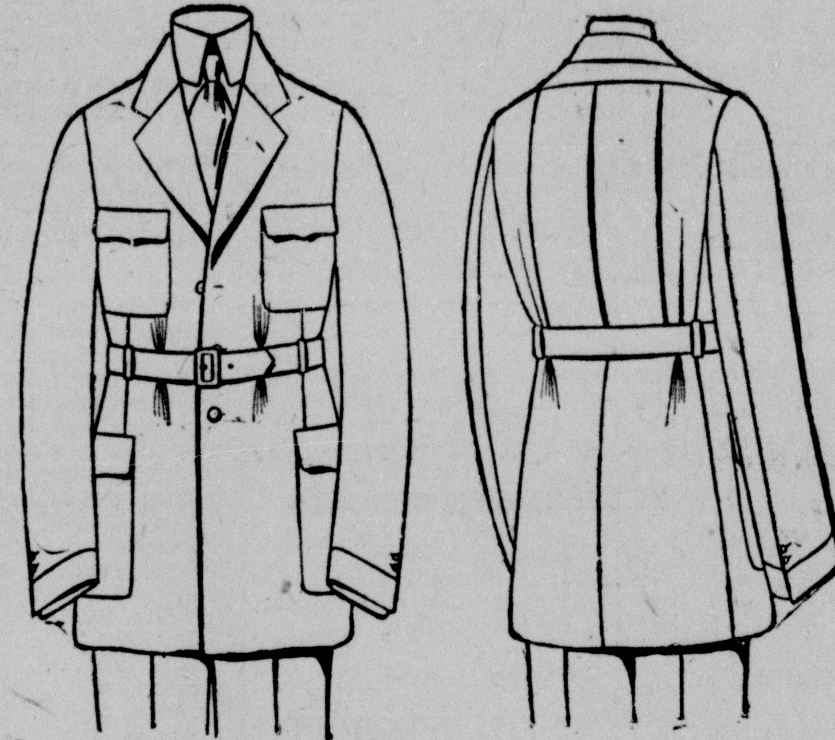

In addition to the Liberal Arts courses the college has four special departments in the College of Music, and the Schools of Home Economics, Expression and Fine Art. Graded courses lead to the Bachelor's degree. There are also shorter courses for which diplomas or certificates are given.

Some inquiry has been made regarding the use of the swimming pool by ladies residing in the city. It has been suggested that the formation of such a class is hoped for by some of the friends of the college. This question cannot be decided until the director of the physical culture department has had time to arrange the schedule for the college students. If there seems time to give such opportunity the college will be pleased to make it known.

ATLANTA WINS FLAG.

Atlanta, Ga., Sept. 11.—Atlanta won the Southern Association baseball pennant by defeating Mobile here today.

Miss Emma Dunlap of Chicago arrived in the city for a visit with her sister, Mrs. Dewey at the home of Mr. and Mrs. Parker Doan on Lincoln avenue.

Copyright Hart Schaffner & Marx.

How do you young men like this sport suit—a new one by Hart Schaffner & Marx; we'll show you others too.

The All-Wool Call for Fall

Worsteds, tweeds, chevots, iridescent fabrics, stripes, plaids, mixtures, checks, in green colorings, browns, grays, blues — that doesn't sound much like a woolen shortage, does it?

Well, those are just a few of the many beautiful all-wool fabrics in the suits we've just received from Hart Schaffner & Marx.

You'll not find anything anywhere that will compare in quality and beauty with this showing of ours.

You can come in here and we will fit you in a Varsity Fifty Five suit or a sport suit, one of the belt-all-around overcoats, or a full skirted overcoat — anything your taste desires, and we guarantee your complete satisfaction.

If you want to get real clothes value, this is the store to come to.

CUBS SCORE DOUBLE VICTORY OVER REDS

VAUGHN RECEIVES CREDIT FOR BOTH GAMES.

About 1900 Sailors and Soldiers Witnessed the Games and Give Exhibition Drills after Which a Dozen Complete Sets of Baseball Outfits are Furnished Them by President Weeghman.

Chicago, Sept. 11.—"Military Day" was celebrated by a double victory for Chicago over Cincinnati today, 6 to 5 and 5 to 1, and as a result the locals passed the visitors for fourth place. Vaughn had the distinction of being credited with both games.

About 1900 sailors and soldiers witnessed the games and gave exhibition drills, after which a dozen complete sets of baseball outfits were presented to them by President Weeghman. In addition young ladies and sailors passed among the crowd collecting donations for the "Bat and Ball Fund."

ST. FRISCO DEFEATS MABEL TRASK EASILY

World's Record Trotting Stallion Makes Remarkable Time Despite Unfavorable Weather Conditions.

Syracuse, N. Y., Sept. 11.—Making such remarkable time over the new state fair track, despite unfavorable weather conditions, that horsemen were astounded, St. Frisco, world's record trotting stallion, defeated Mabel Trask, Walter Cox's chestnut mare, in three straight heats here today, taking the battle royal stake in 2:05 1/4, 2:04 1/4 and 2:05 1/4.

The \$10,000 Empire Stake for 2:12 class trotters, was won by Royal Mac.

Nella Dillon trotted the fastest mile for two year olds, over a grand circuit track thus far this year winning in the Juvenile \$2,000 stake. The second heat was trotted in 2:08 1/4.

Summaries

Nella Dillon (Serrill) 1 1 1
Echo Direct 2 4 2
Ruth Mainsheet 3 3 3

Best time—2:08 1/4.

2:06 pace; purse \$1,000:
Little Battice (Cox) 1 1 1
Abbe Bond 2 2 3
Spy Direct 3 4 4

Best time—2:08 1/4.

Great Western Races.
Milwaukee, Wis., Sept. 11.—With the exception of the 2:20 pace which took six heats to decide the races at the state fair under the auspices of the Great Western Circuit today were won in straight heats.

Summaries
2:15 pace; purse \$1,000: Count Marque, first; Exgo, second; Miss Charlotte M., third. Best time—2:11 1/2.

2:20 pace; purse \$1,000: Agnes Kirby, first; Harry Warren, second; H. T. C., third. Best time—2:09 1/4.

Three Year Old Pace; purse \$800: Lord Abbe, first; William Patch, second; Don Bunco, third. Best time—2:14 1/4.

2:21 trot; purse \$1,000: Richard Hunter, first; Heir Exponent, second; Look Sir Maid, third. Best time—2:11 1/4.

THREE CLUBS FIGHT FOR LEAD

Chicago, Sept. 11.—Three clubs—Indianapolis, St. Paul and Louisville are fighting it out for first place in the American association as a result of today's games. Indianapolis altho beaten 6 to 1, by Minneapolis retains a lead of one game over St. Paul and Louisville, which tied for second place. The season closes a week from tomorrow.

BOSTON VIRTUALLY OUT OF AMERICAN RACE

MUST TAKE NINETEEN OUT OF TWENTY GAMES TO WIN

Chicago Needs Only Half of Their Remaining Eighteen Games—Coveleskie Allows Detroit Only Three Hits and Cleveland Wins.

Washington, Sept. 11.—Boston virtually was eliminated from the American League pennant race today by losing to Washington 3 to 4. In order to win the championship, the Red Sox, it is said here, must take nineteen of their remaining twenty games, if Chicago wins half of the sixteen games on its schedule. The score:

OMNIBUS

CLASSIFIED ADVERTISING RATES
In Daily, first insertion one cent a
word, subsequent consecutive insertions
one-half a cent a word. If ad is or-
dered to run one month or more without
change, the cost will be ten cents per
word per month. No advertisements to
count as less than ten words; and other
than consecutive insertions at the one
time rate.
The Business Office is open each week
day evening and until noon Sunday for
the accommodation of want ad patrons.
Terms on Want Ads Cash in advance.
SPECIAL NOTICE
In answering "keyed" or "blind" ads
in the Journal, such as "A. E. C.," "The
Journal," either mail or bring your reply
to the Journal office, where parties ad-
dressed will call for your answer. The
names and addresses of parties placing
"blind" ads in this paper will not be
given out—you must reply in writing
only.

ADS TAKEN OVER TELEPHONE
The Journal will take Want Ads over
the phone as an accommodation to our
subscribers with the understanding that
collection can be made for the same the
next day. If you phone a Want Ad in
today the collector will call to collect
tomorrow. The Journal cannot be re-
sponsible for errors in ads taken over the
phone. Advertisers can have ad repeated
back over the phone on telephone orders.

CORN PRICE UNDERGOES MATERIAL SETBACK

Market Closes Heavy at 1 to 1 1/2
Cents. Net Lower—Oats Decline 1/2
to 1 1/2 Cents.

Chicago, Sept. 11.—Indications that but
little damage had been done by frost
brought about a material setback today
in the price of corn. The market closed
heavy, 1 to 1 1/2 cent lower at \$1.17 1/2 to
\$1.18 1/2 and 1 1/2 to 1 1/2 cts. May
Oats declined 1/2 to 1 1/2 cts. and provi-
sions 7/10 to 40c.

Also there were a few sections where

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by P. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

FIGHT FOR YOUR LIFE
Duty Demands
Robust Health
Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by illness and ailments. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This is the amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, lecithin and iron peptonates, in a form best adapted to benefit the body. Its organic ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition of the system, plethoras that "all in" feeling and frail bodies are due to lack of lecithin and iron peptonates in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood—steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and painless way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this era of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

DIRECTIONS FOR MAKING RED CROSS SUPPLIES

Red Cross Shop Furnishes Instructions for Making of Various Knitted Garments.

Directions for the making of various articles for the Red Cross have been furnished by Miss Clara W. Brown of the Red Cross shop. It is desirable that persons knitting sweaters, socks, wristlets, mufflers, etc., follow these instructions as nearly as possible. The directions are as follows:

General Directions
Cast on and bind off very loosely, using a double thread. This is to insure a strong edge wherever there is a strain.

All knitting is more elastic if loose. Casting on and binding off must be loose.

Join threads by splicing, or by lapping the yarn; the ends must be carefully sewed in. Never knit the yarn. To bind off: Knit two stitches together; put the new knitted stitch back on left hand needle; knit this stitch and the one next to it together; put the new knitted stitch back onto left needle. Repeat until all the stitches are bound off. Each "new stitch" must be very loose.

To measure: Lay garment on a table, measure with a yard stick.

Muffler.

Two hanks yarn. No. 5 amber seed up 50 or more stitches and knit for 68 inches. The muffler must measure 10 or 11 inches wide. This is more important than the number of stitches.

Wristlets No. 1.

Five-eighth hank for 14 inches.

Needles, No. 10 steel, No. 3 amber.

Cast on 52 stitches (very loosely), using a double thread, knit 2, purl 2 for 12 inches, sew up, leaving a 2 inch opening for the thumb, 3 inches from the end.

Wristlet No. 2.

Cast on 52 stitches on 3 needles, 16-16-20. Knit 2, purl 2 for 7 inches.

To make opening for the thumb: Knit 2, purl 2 to the end of the third needle, turn, knit 2, purl 2 back to the end of the first needle, turn, continue knitting back and forth for 2 inches, always slipping the first stitch of each row. From this point on continue as at first for 3 inches for hand portion. Bind off loosely, using a double thread. Finish the thumb hole with one row of single crochet.

Either wristlet No. 1 or No. 2 can be made 14 inches long with a thumb hole at either end.

Sweater or Sleeveless Jacket

Materials 2½ hanks Fleisher's yarn.

Three skeins Warrior yarn.

No. 5 amber knitting needles.

Cast on 80 stitches, very loosely, using a double thread. Knit 2, purl 2 for 4 inches. Knit plain until sweater measures 23, 24 and 25 inches from the middle of the neck to casting on. Knit 28 stitches, bind off very loosely 24 stitches. Knit back and forth on the remaining 28 stitch for 2 inches (be sure to stop on inside edge). Break off thread and knit 2 inches on the other shoulder. Cast on 24 stitches, very loosely on the same needle and fasten thread to thread of first shoulder, and then continue knitting for 19, 20 or 21 inches, knit 2, purl 2 for 4 inches. The back of sweater must measure the same as the front.

Sew up the sides to within 9 inches of the shoulder. The seam must be elastic and the ends of the yarn must be carefully fastened at arm hole and bottom.

Finish the neck with two rows of single crochet, and the arm holes with one row of single crochet.

Be sure that the neck will slip easily over a man's head.

KNITTING DIRECTIONS

General Directions for Socks

Do not make a sock with a seam on the heel or the sole. Never under any circumstances put a knot into a sock.

The leg of a sock should measure 14 inches from the top of the tip to the heel. The foot should measure 10½, 11 or 12 inches.

A bright colored stripe may be put in the leg of a sock; but bright colors or very dark colors should never be used for the foot of a sock.

Wash socks in warm water with pure soap; rinse in soapy water the

YOUNG ORPHAN GIRL

How She Was Cured. Had Headaches, Dizzy Spells, Awful Pains, Could Not Work.

Pittsburgh, Pa.—"I am an orphan girl, and when only seventeen years old had to support myself, but I would have such sick spells every month that I would have to stay at home from work, and I could not afford to do it. I also had headaches, dizzy spells and a pain in my side. My sister told me how much Lydia E. Pinkham's Vegetable Compound will do."

—Miss MARIE SCHMELTZ, 34 Gardner St., Troy Hill, N. S. Pittsburgh, Pa.

This good old root and herb remedy has proved unequalled for periodical suffering of young women; it contains what is needed to restore healthful conditions.

Write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice if you need it.

The Sentinel Remedies Co., Cincinnati, Ohio.

same temperature; lay socks on a flat surface smooth and stretch to original size and leave to dry. Tie loosely together in pairs, with a piece of yarn.

Socks.

With a semi-double heel and "Kitchener toe."

Materials: 1½ hanks of light grey, natural or white yarn. No. 12 steel needles.

This is for Fleisher's yarn, for heavier yarn or large needles set up fewer stitches, decrease by fours.

Cast on 72 stitches on 3 needles, cast on very loosely. Knit 2, purl 2, for 4 inches. Knit plain for 4 inches.

Narrow for the ankle as follows: Knit one on first needle to be known as middle back stitch, knit next 2 stitches together, knit plain to last 2 stitches on the third needle, slip one, knit one and slip the slipped stitch over the knitted one. Knit 2 rows plain. Repeat from ** to ** twice.

You now have 68 stitches on your needles.

Divide for the heel as follows: Take half the stitches on one needle, for the heel, the "middle back stitch" should be in the middle of the heel section. Leave 16 stitches on each of the instep needles. You are now to knit back and forth on the heel section only as follows:

**Slip the first stitch and knit every stitch to the end of the needle. Turn and slip the first stitch, purl the next, slip the next, purl the next to the end of the needle. * If correct the last stitch is purled. Turn and repeat from * to * until the heel section measures 2½ inches in length.

Now knit 1 more than half of the heel stitches, knit 2 stitches together, knit 1 stitch, turn, slip the last stitch knitted, purl 3 stitches, purl 2 stitches together, purl 1 stitch, turn. * slip the last stitches which were purled, knit to the first stitch before the "hole", knit the stitch before the hole and the one after it together, knit one more, turn, slip the first stitch, purl to the first stitch before the "hole". Purl the stitch before the hole and the one after it together, purl one more, turn, * repeat * to * until all the stitches are taken up.

Divide stitches on heel needle on to two needles. Pick up all the stitches on right hand side of the heel on the right hand needle, knit across instep needle putting all of these stitches on one needle. Now pick up all stitches on the left hand side of the heel. Always pick look on wrong side of sock, there are usually 16 or 18 stitches. Knit once around to center of heel.

On "heel" needles narrow every other row on end—next to instep needle, as follows:

"On left needle" knit plain to last two stitches, knit these two stitches together.

"On right needle" slip 1, knit 1, slip the slipped one over the knitted one, knit plain to the end of the needle.

Knit one row plain, continue, alternating one narrowed row and one plain row until the number of stitches on the needles equals the number of stitches after narrowing for the ankle.

Knit plain until the foot measures 8 or 9 inches from tip of toe as follows:

Narrow for the toe as follows: Knit 2 together, knit 6, knit 2 together, knit 6. Do this until you have knitted once around. Knit 6 rows without narrowing. Knit 2 together, knit 5, knit 2 together, knit 5. Continue once around. Then knit 5 rows without narrowing. Then a row of narrowing with intervals of 4 stitches and 4 plain rows; 3 stitches and 3 plain rows; and 2 stitches and 2 plain rows until you have only 24 stitches left. After last narrowing knit 2 rows plain and then divide stitches on 2 needles; 12 on "front" needle, 12 on "heel" needle. Break off wool thread length and use darning needle.

Holding the knitting needles together with "front" needle next to you, wool at right end of "heel" needle, we are now ready to finish the Kitchener toe.

With wool always under knitting needles and at right of darning needle, pass worsted needle through 1st stitch * of front knitting needle as if knitting and slip stitch off—pass through 2nd stitch as if purling—leave stitch on, pull thread through 1st stitch of back needle as if purling slip stitch off, purl thread through 2nd stitch of back needle as if knitting, leave stitch on. Repeat from * until all the stitches off the needle.

Helmet No. 1.

Materials: 1½ hanks yarn. 4 needles. Cast on 100 stitches on 3 needles 32-32-36. Knit 2, purl 2 for 7 inches. Put 26 stitches on one needle and 37 on the other two. Knit plain for 6 inches on the two needles having 37 stitches on them. Cast off 26 at each end and knit the 22 stitches left for 6 inches, or until it fits onto 26 stitches bound off. Sew up the two sides; and pick up around the face, 90 to 100 stitches on 3 needles. Knit 2, purl 2, for 2 inches—cast off—not purling.

Helmet No. 2.

Materials: 1 hank khaki colored or dark grey wool. 4 needles, size O, in bone, steel or celluloid.

Cast on 56 stitches loosely. Knit plain for 8 inches for front piece, and leave on extra needle. Knit another piece to correspond for back. These pieces must be at least 9 inches wide.

Slip the stitches of both pieces on to 3 needles, arranging for last 2 stitches of back piece to be on beginning of "first" needle, with 38 stitches of front piece added (making 49 on "first" needle). Dividing rest of stitches on other 2 needles: 36-36.

Beginning with "first" needle, knit 2, purl 2, for 6 inches. Then on "first" needle knit 2, purl 2 for 18 stitches. Bind off 22 stitches for face opening. (Try to keep same arrangement of stitches on needles for further directions. Knit 2, purl 2, forward and back on remaining 90 stitches for 1½ inches, always slipping first stitch.

Cast on 22 stitches loosely to complete face opening, and knit 2, purl 2½ inches (adjust stitches by slipping 2 from end of "third" needle to

"first" needle, making 42 on "first" needle). Knit 1 round plain.

Knit 2 stitches together, knit 11, knit 2 stitches together, knit 1. Repeat to end of round. Knit 4 rows plain. Then knit together, knit 1. Repeat to end of round. Knit 4 rows plain. Continue in this way, narrowing on every fifth round and reducing number of stitches between narrowed stitches by 2 (as 7, 5, 3, etc.) until you have 28 stitches left on needles. Divide on 2 needles, having 14 on "first" needle and 14 on the other, and finish with directions for "Kitchener toe" in sock.

Trench Cap.

Materials and needles, same as for helmet. Cast on loosely on 3 needles 112 stitches; 40-36-36.

Knit 2, purl 2 for 6 inches, and finish top same as helmet.

This cap may be drawn over the ears, or rolled back covering only the top of the head.

Men's Hats "MADE IN AMERICA", by the best workmen, and for the best men in world, are sold by FRANK BYRNS' Hat Store.

VETERANS MEET AFTER A SEPARATION OF 55 YEARS

A pleasant meeting took place yesterday morning between Capt. J. M. Swales and Thomas Elliott of Chapin. Mr. Elliott was a member of Rogers Battery, the command in which Alex and Wesley Platt served during the civil war. Capt. Swales belonged to the infantry. The men were together some and became well acquainted while they were serving in the union army and had not met since until yesterday morning. The meeting was truly a happy one and the veterans who fought to save the country had a delightful time talking over days and scenes of long ago.

IS VISITING RELATIVES.

Carl L. Peckham an examiner of accounts of the Interstate Commerce Commission, with headquarters in Chicago, accompanied by his wife and little daughter, Louise Elizabeth, are visiting his parents and other relatives in the city.

STRAW AND CLOVER HAY

Cain Mills wants thirty tons each of straw and clover hay for quick delivery. Cain Mills, 222 W. Lafayette Ave. Both phones 240.

A VISITOR FROM COLORADO.

J. S. Harrison of Vilas, Colorado, the southeast part of the state, is here visiting his niece, who is a patient at Maplecrest. He is also a friend of S. A. Fairbank who made the gentleman's acquaintance while in the west.

Mr. Harrison is very enthusiastic over the great irrigation project in his vicinity. It is owned by the Two Buttes Irrigation Company and utilizes the waters of Butler Creek saved in a dam located in a ravine and 102 feet high. The dam is capable of irrigating 22,000 acres and five thousand have already been sold and utilized.

There are stringent laws by both state and nation regarding irrigation and well protect all parties concerned. Mr. Harrison says the land alone is worth five to ten dollars an acre and is best suited for alfalfa for but with reliable water supply sells for thirty-five dollars an acre which there is a great demand for stock. The dam is 35 miles from the railroad but small grain can be marketed that far while the major part of the land is used for alfalfa and that is fed on the spot. Three or four crops are cut each year from a field and the yield is good.

Wheat thrives there and crops go from forty to sixty five bushels to the acre. In the vicinity of the place where he lives a good many artesian wells are found at depths varying from 150 to 400 feet and serve to irrigate large tracts of land.

Enough better than others to warrant you using it always.

Nearly every important new building in St. Louis is roofed with Certain-teed.

It roofs the Bevo plant!

The selection of *Certain-teed* for the gigantic Bevo plant—with its roof area of 3½ acres—shows how the whole business world is recognizing *Certain-teed* as the best type of roofing and the best quality roofing of its type.

Certain-teed's asphalt body is immune to all the elements that attack a roof—gases, fumes, acids, smoke, heat, sparks, rot, rust, etc. It is light weight—a decided advantage for large areas—and it does not melt or run and cannot clog gutters and down spouts (no gravel used).

There are several types of *Certain-teed* and one type or another is preferable for nearly every kind of building, with flat or pitched roof—warehouse, office building, store, residence, garage, farm building, etc. *Certain-teed* is guaranteed 5, 10 or 15 years, according to thickness (1, 2 or 3 ply.) Sold by good dealers everywhere.

Certain-teed Products Corporation

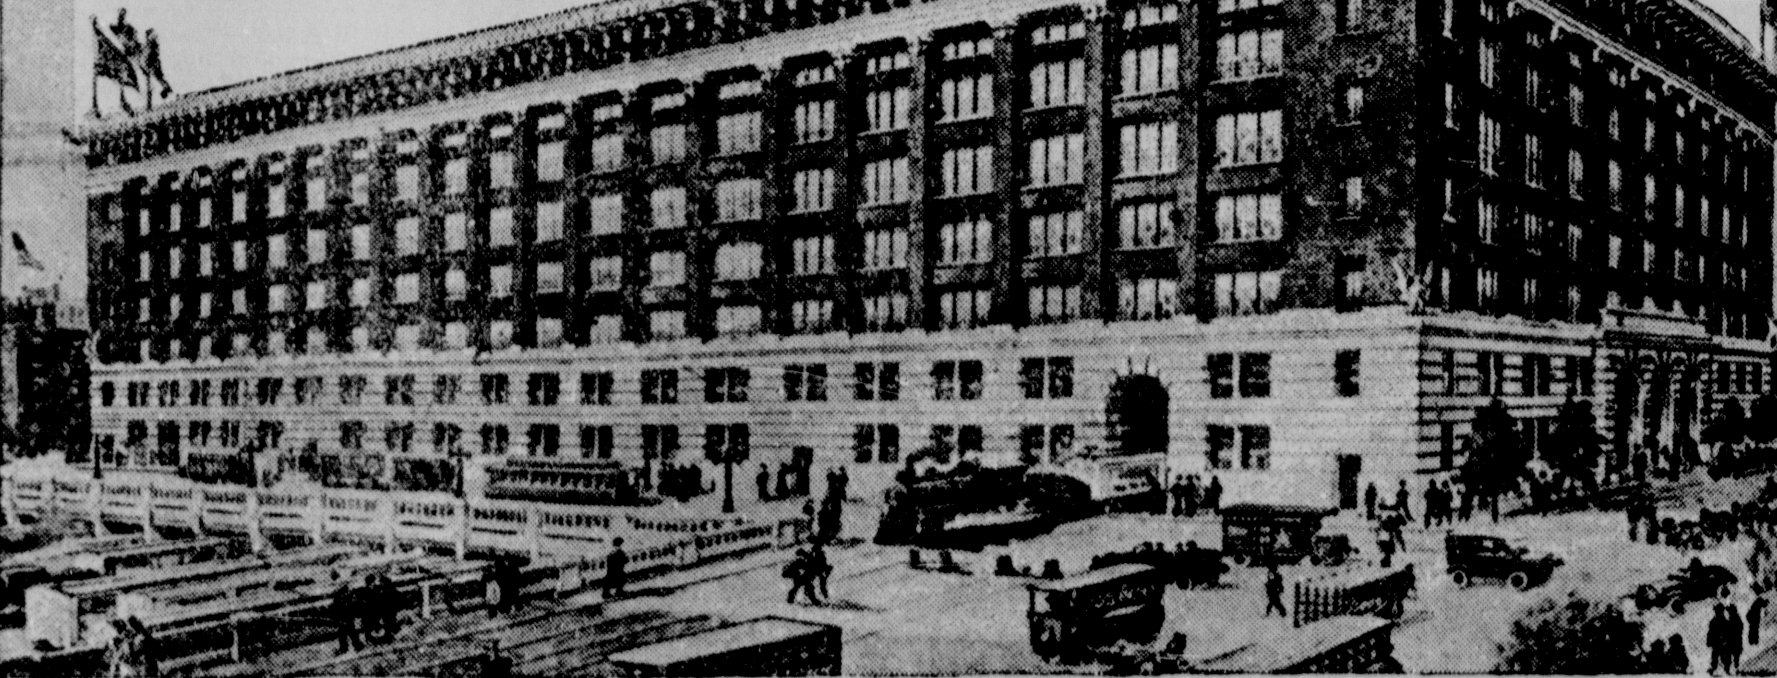

New York, Chicago, Philadelphia, St. Louis, Boston, Cleveland, Pittsburgh, Detroit, Buffalo, San Francisco, Milwaukee, Cincinnati, New Orleans, Los Angeles, Minneapolis, Kansas City, Seattle, Indianapolis, Atlanta, Richmond, Grand Rapids, Nashville, Salt Lake City, Des Moines, Houston, Duluth, London, Sydney, Havana.

Bevo Plant

of Anheuser-Busch Brewing Co.—the finest building of its kind in the world, owned and operated by the largest establishment of its kind in the world, whose products are internationally known. Roofed with *Certain-teed*.

Architects: Widmann & Walsh and Klipstein & Rathmann
General Contractors: Gilson Construction Co.

Roof Area 151,000 sq. ft.

Certain-Teed Roofing for sale by LaCrosse Lumber Co.
